

A woman with long, dark, wavy hair is shown from the chest up, floating in dark water. She is wearing a light-colored, possibly white, tank top. She is holding a clear plastic bag in front of her chest. Inside the bag, a human face is visible, appearing to be submerged and looking towards the camera. The overall lighting is dim and blue-green, creating a mysterious and unsettling atmosphere.

*Cassell's Dictionary of Slang* Jonathon Green, 2005. With its unparalleled coverage of English slang of all types from 18th-century cant to contemporary gay slang and its uncluttered editorial apparatus, Cassell's Dictionary of Slang was warmly received when its first edition appeared in 1998. Brilliant said Mark Lawson on BBC2's *The Late Review*. This is a terrific piece of work, learned, entertaining, funny, stimulating, said Jonathan Meades in *The Evening Standard*. But now the world's best single-volume dictionary of English slang is about to get even better. Jonathon Green has spent the last seven years on a vast project to research in depth the English slang vocabulary and to hunt down and record written instances of the use of as many slang words as possible. This has entailed trawling through more than 4000 books, plus song lyrics, TV and movie scripts, and many newspapers and magazines for relevant material. The research has thrown up some fascinating results.

Blouin, Tony Magistrale, 2021-07-29. In *Violence in the Films of Stephen King*, contributors analyze the theme of violence in the film adaptations of Stephen King's work, ranging from the earliest films in the King canon to his most recent iterations through a variety of lenses. Investigating the diverse and varying roles that violence continues to play, as both the level of violence and the gendered depictions of violence have evolved, many of the contributors come to the conclusion that King's films have grown more violent over time. This book also examines the fine line between necessary violence and sensationalist violence, discussing the complexity of determining what constitutes violence with a narrative and ethical significance versus violence intended solely to titillate, repulse, or otherwise draw an emotional reaction from viewers. Scholars of film studies, horror studies, literary studies, and gender studies will find this book particularly useful.
