Samuel Doria Medina's Management Trajectory: A Clue to the Mintzberg-Ansoff-Goold Polemic Kimio Kase, Flavio Escóbar, Armando Gumucio, 2026-03-27 An outstanding feature of this book is that it offers a deep insight into the working of a strategy direction setting by a visionary CEO supported by the implementational process of the corporate centre staff This insight sheds light on the centre s value creation process which

includes core competence sense making parenting roles and strategic management styles as well as the organisational and implementational design for both divisional and multi business corporations Multiple survey interviews with the CEO and his staff as well as industry specialists and experts from multiple fields and policy incumbents a questionnaire survey with the stake holding members a bibliographical survey and a document search were carried out with a view to deductive inductive inferences and hypothesis construct creation verification purposes The analysis here demonstrates first that Bowlby s attachment theory sense making and conviction narrative clarify the personality traits underpinning managerial stability and second that Max Joseph s trading asset logic can nicely combine with core competence theory as a binding logic of multi business practices It empirically verifies the dictum that excellent though daring strategy must be grounded in solid administrative and financial implementational realities The book provides a framework for future organisational design including management control tools as it creates a new understanding of business and corporate strategies
