Aguiló-Pérez,Rebecca C. Hains,2025-09-26 What is the significance of Barbie's journey from toy aisles to screens Barbie in the Media offers a groundbreaking exploration of Barbie as a transmedia phenomenon In examining the brand's multifaceted media presence this volume's chapters consider both Mattel's corporate storytelling about and fans' reinterpretations of the iconic doll Collectively they reveal that these mediated negotiations of Barbie reflect and contribute to broader discourses about gender and identity in evolving sociopolitical contexts inscribing the doll with ever-changing and often conflicting anxieties and dreams These render the brand's media presence a fascinating site of contested meaning worthy of the sustained critique that Barbie in the Media offers readers *Faceless Brand Building on TikTok* Sofia Lane,2026-02-23 The creator economy has long assumed that visibility requires vulnerability that building an audience demands a face a name and a personal narrative placed permanently in public view *Faceless Brand Building on TikTok* examines the emerging pattern of operators who have systematically dismantled that assumption constructing loyal commercially viable audiences on one of

the world's most personality-driven platforms without ever appearing on screen. This book explores the structural dynamics behind faceless content strategies: how anonymous creators design distinctive brand identities, maintain consistent voice, and sustain audience engagement through intentional content systems rather than personal charisma. It examines the tension between the platform's algorithmic preference for authenticity and the strategic advantage of separating a brand's identity from any single individual's presence. Rather than framing anonymity as a limitation, the book reframes it as a deliberate positioning choice—one that creates operational flexibility, protects long-term privacy, and allows content assets to function independently of their creator. It navigates the creative and strategic disciplines required to build recognizable, trustworthy brand presence through visuals, voice, narrative structure, and community dynamics alone. For the entrepreneur seeking durable audience assets without permanent personal exposure, this is an exploration of how faceless brands operate, compound, and sustain themselves in the attention economy of 2026. *TikTok to Treasure* Zephyr V. Larkspur, 2025-01-22
