Let me tell you how I became a recognized fitness book writer, selling my books in print and Kindle worldwide. 7 years ago, I thought, "Well, I am not a youthful teenager anymore, so if I want to look awesome for the rest of my life and attract anyone, just with my physique, I need to go to the gym and workout really hard till I get huge biceps and a chiseled six pack. When you look great, you feel fantastic, confident, and happy, I went ahead and

bought loads of different fitness magazines Those days I trusted fitness magazines sorted out my workout routine and then spent spent and spent around 200 a month on bodybuilding supplements All those ads for supplements in the fitness magazines featuring bodybuilders with astonishing physiques convinced me that I could be just like them very soon if I follow their working out routine and take all the supplements they recommend How naive I was I did not think that those ads are just a way to earn some money for a bodybuilder and nothing to do with what really the bodybuilder takes I tried all supplements from bodybuilding magazines for 3 years solid And you know what my physique has improved a little but nowhere near to what I wanted I became really annoyed 200 on supplements a month multiplied by 3 years is huge 7200 Some bodybuilders spend even more than that I was thinking maybe steroids are the answer but one of my friends nearly died of a heart attack because of steroids steroids are illegal and if anyone finds out you use steroids you can never be a paid fitness model After chatting to many of my bodybuilder friends I decided avoid the use of steroids full stop However during those conversations with my friends most of whom you would recognize from bodybuilding magazines I slowly began to understand A lot of supplements are just useless hype and the proven ones are useful only if you know exactly what those supplements do how they work in your body how they interact with each other when and how to take them correctly I decided to spend one year on research interviewing professional bodybuilders reading scientific research papers buying products and testing them on myself I became a personal trainer myself I gained the physique I always dreamt of in half a year before I could not achieve the physique for 3 years Additionally to finding out the correct workout routines I found how to speed up my progress by 3 or more times how to feed my muscles what my muscles need what supplements have properly conducted research and are proven Then I started sharing this invaluable information with my friends and clients I put it in a simple language so everyone can understand It took me another year to write the most comprehensive guide on legit bodybuilding supplements I sent my book to many professional bodybuilders and Vlastimil Sletcha was so impressed that he endorsed the book he said Truth About Bodybuilding Supplements is the book that anyone serious about growing muscles must have it is new the only and most comprehensive detailed guide on well over 30 bodybuilding supplements with facts any serious bodybuilder must know *Muscle Building* Arnold Williams, 2015-11-04 **MUSCLE BUILDING Proven Ways To Get Shredded Quickly Bodybuilding Muscle Building Fat Loss Metabolism** This book was written especially for people like you who want to get that muscle mass and don't want to waste any time in the process If you are looking to gain muscle mass in less time then you have come to the right place We get down to the business very quickly covering all major aspects of muscle building comprehensively We will be discussing the right diet exercises and supplements to help you achieve that dream body Of course it will take time and a lot of effort but if you follow the instructions in this book you're sure to get there The book is written to help you in every aspect and covers all that you need to know about how to get shredded quickly and effectively In **MUSCLE BUILDING Proven Ways To Get Shredded Quickly Bodybuilding Muscle Building Fat Loss Metabolism**
