International Legal English Rupert Haigh, 2020-12-22 English is the dominant language of international business relations and a good working knowledge of the language is essential for today's legal or business professional. This book provides a highly practical approach to the use of English in commercial legal contexts and covers crucial law terminology and legal concepts. Written with the needs of both students and practitioners in mind, this book is particularly suitable for readers whose first language is not English but need to use English on a regular basis in legal contexts. The book covers both written and verbal legal communication in typical legal situations in a straightforward manner. In addition to chapters on the grammar and punctuation utilised in legal writing, the book features sections on contract drafting and the language used in negotiations, meetings, and telephone conversations. It features a companion website which contains exercises covering the majority of the topics covered in the book's chapters. This edition thoroughly revises and expands the content of the companion website and contains updated examples, more detailed explanations of problematic areas, and an expanded section on writing law essays.

Make Money Using AI Tools in 2026 Visualynk, 2026-02-17 A Beginner's Step by Step Guide to Earning Online with Artificial Intelligence. Are you curious about making money online but don't know where to start? Artificial Intelligence is changing the world. And now beginners can use AI tools to build real income without coding, without a big investment, and without years of experience. This practical guide shows you how to turn AI into a powerful income tool. Inside this book, you will learn: What AI really is in simple language; The best beginner-friendly AI tools to start with; 7 realistic ways to make money using AI; How to start freelancing with AI; How to create and sell digital products; How to build a personal brand that attracts clients; A complete 30-day action plan; Common mistakes to avoid. This is not a get-rich-quick book. This is a realistic step-by-step roadmap for beginners who want to build skills, create value, and earn income using AI. Whether you are a student, a freelancer, a content creator, or someone looking for extra income, this book will help you take your first confident step. The AI revolution has already started. The question is: will you use it to build your future? Start today.

Using Google AdWords and AdSense Michael Miller, 2010-06-03 Get comfortable with Google AdWords and AdSense. Don't just read about it.
