**Waiting For Service** Amas Tenumah, 2021 You hate waiting in line or on the phone for customer service There have been plenty of books about customer service that all seem to offer secrets to improve customer service This is not that book I instead want to focus on Why customer Service is so broken and give you the secrets to get around it Customer service is bad by design Your bad customer service is not random it is intentional Customer Service is universally terrible this is not an opinion You do not have to believe me I am saying it is raining outside and you can simply look out the window I spent two decades helping dozens of your favorite brands with customer service You will laugh get mad all over again at some of the conversations I have had with executives around customer service I name names expose Customer Service nightmares from Travel to Cable Walmart fast food and so much I also provide you with how to get around bad service and offer radical thinking to reset customer service Amas Tenumah *Customer service on life support* The Customer Service Inspector , 2025-10-03 Customer service isn't dead but it's on life support Once businesses treated service as the foundation of loyalty and trust Employees were empowered complaints were valued and customers felt heard Today Long queues faceless bots hidden complaint processes and leaders who mistake excuses for solutions In this sharp no nonsense book The Customer Service Inspector reveals how standards collapsed after the pandemic and why consumers have been conditioned to accept less Drawing on decades of experience in loyalty and retention they expose the cost of bad service for customers employees and companies alike But this isn't just a diagnosis It's a rallying cry With common sense empowerment and a return to the simple rule of treating people how we want to be treated service can recover The question isn't can we demand better It's whether we will If you've ever waited on hold fought a bot or swallowed your frustration in silence this book is for you
