The Dirty Secrets of the Rich and Powerful James-Brent Styan,2024-06-01 In 2018 the world watched as 82 per cent of all wealth created was claimed by the top 1 per cent of the global population The bottom 50 per cent of humanity saw no increase at all While one new billionaire was created every two days one in every four South Africans were living on less than R18 per day not enough to buy a loaf of bread Inequality has always been part of the world we live in but in the past twenty years the situation has worsened We have seen the rise of mega corporations where regional companies have become global players power brokers that are richer and more powerful than most countries This has seen businesses record ever increasing profits while they pay ever decreasing taxes How is this happening In South Africa millions of people depend on the services and products of mega corporations but to what extent do these corporations influence and affect the lives of their consumers What do these companies do with all the power that is in their hands In *The Dirty Secrets of the Rich and Powerful* James Brent Styan casts the spotlight on economic inequality and unpacks historical and ongoing business practices that have a real influence on people today This book takes you right into the corridors of power and behind the closed doors of the boardrooms of the rich and powerful to show you how and why the status quo seems so unfair [Partisan Rhetoric and Polarization](#) Robert X. Browning,2024-12-15 *Partisan Rhetoric and Polarization* The Year in C SPAN Archives Research Volume 10 features chapters written from a variety of perspectives that address divisions in American politics The topics range widely including TikTok abortion the middle class the January 6 riot and partisan rhetoric in Congress The unifying theme of the volume is that each author uses C SPAN videos to examine how members of Congress and other elites speak

and act on these issues Two other thoughtful pieces examine Supreme Court justices speaking off the bench and emotional reactions in presidential debates Partisan Rhetoric and Polarization provides context to understand how the partisan split in American politics is reflected and evidenced in even the highest political institutions Congress the presidency and the Supreme Court

Connected Histories Eva Pfanzelter, Dirk Rupnow, Éva Kovács, Marianne Windsperger, 2024-09-23 The World Wide Web WWW and digitisation have become important sites and tools for the history of the Holocaust and its commemoration Today some memory institutions use the Internet at a high professional level as a venue for self presentation and as a forum for the discussion of Holocaust related topics for potentially international transcultural and interdisciplinary user groups At the same time it is not always the established institutions that utilise the technical possibilities and potential of the Internet to the maximum Creative and sometimes controversial new forms of storytelling of the Holocaust or more traditional ways of remembering the genocide presented in a new way with digital media often come from people or groups who are not in the realm of influence of the large memorial sites museums and archives Such private stagings have experienced a particular upswing since the boom of social media This democratisation of Holocaust memory and history is crucial though it is as yet undecided how much it will ultimately reinforce old structures and cultural regional or other inequalities or reinvent them The Digital space as an arbitrary and limitless archive for the mediation of the Holocaust spanning from Russia to Brazil is at the centre of the essays collected in this volume This space is also considered as a forum for negotiation a meeting place and a battleground for generations and stories and as such offers the opportunity to reconsider the transgenerational transmission of trauma family histories and communication Here it becomes evident there are new societal intentions and decision making structures that exceed the capabilities of traditional mass media and thrive on the participation of a broad public

primer to arguably the most important driver of change for our future P W Singer author of Burn In An award winning defense expert tells the story of today s great power rivalry the struggle to control artificial intelligence A new industrial revolution has begun Like mechanization or electricity before it artificial intelligence will touch every aspect of our lives and cause profound disruptions in the balance of global power especially among the AI superpowers China the United States and Europe Autonomous weapons expert Paul Scharre takes readers inside the fierce competition to develop and implement this game changing technology and dominate the future Four Battlegrounds argues that four key elements define this struggle data computing power talent and institutions Data is a vital resource like coal or oil but it must be collected and refined Advanced computer chips are the essence of computing power control over chip supply chains grants leverage over rivals Talent is about people which country attracts the best researchers and most advanced technology companies The fourth battlefield is maybe the most critical the ultimate global leader in AI will have institutions that effectively incorporate AI into their economy society and especially their military Scharre s account surges with futuristic technology He explores the ways AI systems are already discovering new strategies via millions of war game simulations developing combat tactics better than any human tracking billions of people using biometrics and subtly controlling information with secret algorithms He visits China s National Team of leading AI companies to show the chilling synergy between China s government private sector and surveillance state He interviews Pentagon leadership and tours U S Defense Department offices in Silicon Valley revealing deep tensions between the military and tech giants who control data chips and talent Yet he concludes that those tensions inherent to our democratic system create resilience and resistance to autocracy in the face of overwhelmingly powerful technology Engaging and direct Four Battlegrounds offers a vivid picture of how AI is transforming warfare global security and the future of human freedom and what it will take for democracies to remain at the forefront of the world order

Introduction to Information Systems R. Kelly Rainer,Brad Prince,2025-11-04 Introduction to Information Systems 11th Edition equips today s students with the knowledge to see how IT drives digital transformation across every industry With a focus on active learning the authors demonstrate how information systems are the foundation for profitability customer engagement operations management and competitive advantage regardless of major or career path Chapter cases IT s About Business features and examples from global corporations small businesses government and nonprofits show students how modern organizations apply IS and IT to solve real problems Updated coverage spans artificial intelligence business analytics cybersecurity social computing cloud computing and emerging technologies ensuring students gain the skills and perspectives needed to thrive in a rapidly evolving digital world **Jolted** Anthony Klotz,2026-03-17 The new science of why we quit whether we should and how to make the right choices for our work and lives by the organizational psychologist who predicted the Great Resignation Most of us are just one event away from leaving our job Conventional wisdom and lists of the top reasons people quit their jobs would have us believe that people quit when the toxic elements of their jobs grow too big

or when they spot a better professional opportunity But that s only half the story In reality quitting is often triggered by a single event inside or outside our jobs that stops us in our tracks and causes us to rethink our relationship with work These events are what organizational psychologist Anthony Klotz calls jolts and they are the most underacknowledged realities in our work lives today Jolts represent pivotal moments in our careers and yet all too often we respond to them in ways that harm our well being and success In Jolted Klotz breaks down the different types of jolts we encounter and provides a road map to help us navigate them in ways that improve rather than derail our pursuit of the good life through our work

Star Shipped Cat Sebastian,2026-03-03 Cat Sebastian s long awaited foray into contemporary romance A witty emotional and deliciously slow burn enemies to lovers romance between two costars on a popular sci fi television series Simon and Charlie actors on a long running sci fi show can t stand one another Charlie is impetuous outgoing and basically feral and Simon thinks he should have stayed in reality television where he belongs They ve spent the better part of a decade quarreling over the spotlight and pretty much everything else and everybody in the industry knows it Now that Simon s contract is finally done he can move to New York start fresh with work he actually likes and get away from Charlie Simon s only problem is that people might assume he s been pushed off the

show due to being impossible to work with And he is kind of difficult to work with He doesn't get along with people unlike Charlie who somehow tricked everyone on the show into adoring him despite some outrageously bad on set behavior during the show's first season Simon would rather never have to see Charlie again but reluctantly agrees to stage a very public friendship during the short time before he moves When Charlie has to leave town to deal with a family emergency this means Simon comes along Their road trip brings Simon to places he would never have willingly chosen to visit and he finds he's actually not having a terrible time The more he gets to know Charlie the more Simon suspects he's underestimated his former coworker Simon also realizes that after seven years Charlie might know him better than anyone ever has Even stranger Charlie seems to be starting to actually like him despite knowing him so well Still Simon is about to move three thousand miles away so whatever's starting between him and Charlie can't really amount to anything right Tropes Enemies to Lovers Opposites Attract Forced Proximity Slow Burn
