Bookshelf Tips

- feature:** You may choose one shelf to feature on the top of your profile. If the shelf is sortable, then the top books are shown on the profile. If it's not sortable then we choose random books from the list. If you choose the read shelf (default setting), we randomly display 3 star rated books. You may also choose to have no shelf displayed, by unchecking the currently featured shelf.

- shelf sorting:** You can enable shelf sorting to customize the order of your shelves. This is extremely useful for the "to-read" shelf. You can keep track of what you'd like to read next!

- sticky:** Sticky shelves are sorted first on your books and on your profile.

- exclusive shelves:** All members have three default shelves (read, currently reading, and to read), which are mutually exclusive, meaning a book can only be on one of them. Members can create as many additional shelves as they like, and books can be on as many non-exclusive shelves as you desire. This may be useful for shelves such as "reference" or "your opinion." It may take a few minutes for the changes to propagate if you have a lot of books on this shelf.

Goodreads has some additional tips for you on this page :)

Select check on exclusive to enable this to read (387) feature.
