Decision Sciences and Technology for Globalisation (ISDSI_2008) B.S. Sahaye, Jeet N.D. Gupta, Surinder Batra, Sanjay Kumar, Sushil Kumar, 2008-11-05 It is not uncommon to find books and other publications in the literature dealing individually with the subjects of decision sciences technology and globalisation However there are very few instances of books which integrate these three dimensions in an umbrella framework This publication is one such attempt This book comprises of 58 papers contributed by leading academia from universities and management institutes in India and abroad Many of the contributions have come from USA Canada UK Japan Australia New Zealand UAE Bahrain Taiwan Brazil and Mexico adding to the rich diversity of the thought processes explored in the papers Some of these papers are country specific while some others provide a transnational perspective Also while some papers provide enriched conceptual frameworks in specific disciplines building upon existing frameworks several other papers provide application oriented coverage focused at select organizations or industries further adding unique value to this book There are eight sections in the book namely Supply Chain Management Operations Management Information Systems ICT IT E Business Strategies Business Modeling Global Business Issues Challenges Marketing and Globalisation New Paradigms in Education and Globalisation The issues touched upon by various papers within each section are diverse and yet highly relevant and contemporary We believe this book would be useful not only to academia research scholars and students of various disciplines of management but also to those in the

industry in India and abroad who are seeking conceptual inputs and experience sharing in their respective positions
