Nfl Schedule Latest Store Hours:

The Business of Sports Scott Rosner, Kenneth Shropshire, 2011-01-07 The Business of Sports Second Edition is a comprehensive collection of readings that focus on the multibillion dollar sports industry and the dilemmas faced by today's sports business leaders. It covers professional Olympic and collegiate sports and highlights the major issues that impact each of these broad areas. The Second Edition provides insight from a variety of stakeholders in the industry and covers the major business disciplines of management, marketing, finance, information technology, accounting, ethics, and law. Each chapter features concise introductions, a broad range of focused readings, and targeted discussion questions and graphs and tables to convey relevant financial data and other statistics.

Sports Highlights Ray Gamache, 2023-08-28 This expanded second edition traces the development and popularity of the sportscast, highlight the dominant news frame in the crowded medium of electronic sports journalism as the primary means of communicating about sports and athletes. The book explores the intricate relationships among media producers, sports leagues and organizations, and audiences, and explains that sportscast highlights are not a recent development. They were often used within a news context in every medium from early news film actualities and newsreels to network and cable television to today's new media platforms. New to this edition are three chapters that explore developments in sports media from cultural, economic, and technological perspectives. An obsession with highlights has seen video replay increasingly used to adjudicate sporting events, marking a new level of reliance on technology. The media's quest for greater certitude and integrity corresponds with the rise of sponsorship of pro teams by gambling operators, with sports betting ads, and on-screen odds now routinely appearing in sportscasts. Long-form sports documentaries have become popular, often highlighting a fascination with firsts rooted in notions of human conquest over nature that has remained an important source of sports mythmaking.

The Business of Sports Mark Conrad, 2017-02-17 The Business of Sports provides a comprehensive foundation of the economic, organizational, legal, and political components of the sports industry. Geared for journalism, communication, and business students, but also an excellent resource for those working in sports, this text introduces readers to the ever-increasing complexity of an industry that is in constant flux. Now in its third edition, the volume continues to offer a wealth of statistics and case studies up to date with the newest developments in sports business and focused on cutting-edge issues and topics, including the many changes in international sports and the role of analytics in decision-making and tax rules that have a major effect on athletes and teams.

Broadcasting & Cable, 2006-04

Governance in Sport Bonnie Tiell, 2025-06-17 At its core, sport governance encompasses two key elements: power and decision-making. To truly grasp a sport organization's purpose and structure, it's essential to understand who wields power and which decisions are made by those who possess it. Regrettably, the abuse of power coupled with ineffective governance and lackluster leadership has fostered widespread corruption within sport organizations, a situation that calls for a renewed commitment to practicing principles of good governance and restoring integrity and ethical conduct. In response,

the updated and enhanced *Governance in Sport Analysis and Application* Second Edition aims to equip students with the skills to navigate both ordinary and extraordinary situations encountered in the oversight and authority of sport organizations at all levels of sport Governance in Sport examines sport governance from three broad analytical and applied perspectives A legal and managerial overview of practices processes and policies in sport organizations encompassing ethical behavior effective leadership decision making and policy development A framework of the structures and functions of regulatory agencies that govern state national regional and international sports An applied overview of governance and authority in selected sectors of the industry including professional sports amateur sports sports media sports betting esports and more Through examinations of contemporary hot button issues and compelling new case studies covering the Ukraine invasion Brittney Griner transgender athletes in sports LIV Golf versus the PGA conference realignment name image and likeness NIL issues the Kanjuruhan Stadium catastrophe and the workplace misconduct in the Washington Commanders organization students will see how governance differs in sport organizations at various levels in the United States and around the world Additional new features include the following Headlines begin each chapter calling out incidents of corruption within the sport industry Rules and Regulations Corners provide quick overviews of policies and laws affecting weighty issues Combating Corruption sections offer best practices for preventing and minimizing behavior deemed illegal unethical or counterintuitive Governance in Action case sidebars explore real world examples of conflicts and conundrums related to the chapter topic and include discussion questions suggested responses to the questions can be found in the instructor guide Recorded lectures by author Bonnie Tiell are available for each chapter of the book Instructors can use these videos to enhance their lectures With *Governance in Sport* students will develop an understanding of where power resides how decisions are made and the impact of those factors on the goals and structures of sport organizations *The Times-picayune Index* ,2001

International Sports Law and Business Aaron N. Wise, Bruce S. Meyer, 1997-05-23 This comprehensive three volume set focuses on the legal and business aspects of sports in the United States and abroad The authors have presented the subject matter from a practical and pragmatic perspective yet with analytical precision and attention to fine points of detail This book is composed of five parts Part I deals with the law and business of sports in the United States with the primary emphasis on the legal aspects of professional sports Part II deals with the internationalization of sports from various perspectives principally North American team sports Part III explores the law and business of sports in 18 non U S jurisdictions subject matter hardly covered in other sources if at all Part IV treats the legal and to some extent business aspects of broadcasting and sports both in the United States and in selected foreign jurisdictions Part V focuses upon sports marketing in its various forms in the United States as well as its international perspectives This easy to read work is unmatched in that it covers subjects not addressed or only tangentially addressed in other works presents insiders perspectives on the subject matter and focuses extensively on international aspects of sports law and business in connection

with many different subjects Among its exhibits International Sports Law and Business includes a World League of American Football Standard Player Contract form a sample World League of American Football Acquisition and Operation Agreement Statute of Court of Arbitration for Sport and Regulations It also includes a comprehensive index Business Week ,1970
