Sustainable Ecological Engineering Design Mohammad Dastbaz, Chris Gorse, 2016-05-19 This book focuses on the impacts of the built environment and how to predict and measure the benefits and consequences of changes taking place to address sustainability in the development and building industries It draws together the best treatments of these subjects from the Leeds Sustainability Institute s inaugural International Conference on Sustainability Ecology Engineering Design for Society SEEDS The focus of discussion is on understanding how buildings and spaces are designed and nurtured to obtain optimal outcomes in energy efficiency and environmental impacts In addition to examining technical issues such as modeling energy performance emphasis is placed on the health and well being of occupants This holistic approach addresses the interdependence of people with the built and natural environments The book s contents reflect the interdisciplinary and international collaboration critical to assembly of the knowledge required for positive change *Aspect-Oriented, Model-Driven Software Product Lines* Awais Rashid, Jean-Claude Royer, Andreas Rummler, 2011-09-08 Software product lines

provide a systematic means of managing variability in a suite of products They have many benefits but there are three major barriers that can prevent them from reaching their full potential First there is the challenge of scale a large number of variants may exist in a product line context and the number of interrelationships and dependencies can rise exponentially Second variations tend to be systemic by nature in that they affect the whole architecture of the software product line Third software product lines often serve different business contexts each with its own intricacies and complexities The AMPLE <http://www.ampleproject.net> approach tackles these three challenges by combining advances in aspect oriented software development and model driven engineering The full suite of methods and tools that constitute this approach are discussed in detail in this edited volume and illustrated using three real world industrial case studies The Lancet, 1915 Public Documents of Massachusetts Massachusetts, 1906 Documents of the Assembly of the State of New York New York (State). Legislature.
