

A promotional graphic for Disney 2025. The background is a solid teal color. On the left, there is a large, close-up image of the character Heihei from Moana, a blue pig-like creature with large black eyes and a wide, toothy grin. In the center, there is a character from Encanto, a young boy with a blue eye patch and a green shirt, smiling and raising his right fist. Below him is a young woman with brown hair, also from Encanto, looking upwards and holding a red apple. On the right side, the word "Disney" is written in its signature white script font, and the year "2025" is written in large, bold, yellow block letters with a black outline.

Transnational Streaming Television Joseph Straubhaar, Swapnil Rai, Melissa Santillana, Silvia Dalben, 2025-09-29

Examining the impact of streaming on the global production and flow of television and film this book provides an innovative theoretical framework to conceptualize how asymmetric dynamics of power play out in the era of global streaming This book analyses Netflix and Amazon Prime Video two tech based digital native streamers and compares them to Disney and HBO Max Warner Bros Discovery two legacy Hollywood studios with cable TV and broadcasting operations now pursuing global streaming The book compares their different models of operation and specifically explores how these four streamers particularly Netflix are co producing and commissioning television programs and films in an increasing number of countries It also examines how this trend is creating new opportunities for independent producers and soft power for the producing nations This book further considers the direct algorithmic targeting of individuals by their genre preferences across boundaries of culture language and nation boundaries that previously protected national and regional television markets creating a new flow of data colonialism At a more local level the book also examines some of the national and regional streaming platforms emerging in some of the key players in the Global South Brazil India and Mexico This is essential reading for students researchers and academics interested in media studies global media and global television studies

Media Today Joseph Turow, 2026-03-24 This ninth edition of Joseph Turow s pathbreaking media textbook uses convergence as a lens that puts students at the center of the profound changes in the 21st century media world It teaches students to think critically about the role of media and what these changes mean for their lives The book s media systems approach helps students to look carefully at how media content is created distributed and exhibited in the new world that the digital revolution has created From news media to video games and social networking to mobile platforms and streaming it provides students with the tools they need to understand and critique the media they encounter and consume The first part examines the media world as a whole while the second delves deep into key media industries such as the movie television and video streaming and video game industries This new edition includes critical expanded coverage of social media economies cross border media issues the rise of news influencers and subscription platforms and the growing use of predictive and generative artificial intelligence as well as brand new case studies and updated figures tables and pedagogy including key terms and further activities *Media Today* is an excellent introduction to the world of media in the digital age perfect for students seeking a solid grounding in media studies Extensive pedagogical materials also make this a highly teachable book well suited to the classroom The accompanying website has also been updated with new student and instructor resources including chapter recaps recommended readings and instructor s manual **Marvel's Collapsing**

Universe Ian Wood, 2023-12-10 Now updated for Wonder Man and the X Men movies In his first non fiction book this prolific author takes an amateur fan s look at the science and silliness of the Marvel Cinematic Universe and tries to understand how

their meteoric success of the 2008 2019 era could have seemingly soured so dramatically as they moved into Phase 4 and beyond Are things really as bad as they seem Are the cracks in the Marvel edifice something new or have they been there all along but willingly overlooked by audiences who were dazzled by the sprawling unprecedented spectacle that Marvel initially unleashed on the eager cinematic world Is this juggernaut really heading for a cliff and if so how can it be turned around The answers may surprise you or they may be the same things you've been thinking all along
