**Devaluing Public Apologies in the Age of Social Media** Joshua M. Bentley,2024-12-15 Devaluing Public Apologies in the Age of Social Media argues that apologies are losing their meaning because people treat them as strategical tools while ignoring their ethical implications Recent apologies by celebrities politicians and brands are examined to show how apologies need to be rooted in values to be effective

*Podcasting* Jeremy Wade Morris,2024-05-31 Podcasting burst onto the media landscape in the early 2000s At the time there were hopes it might usher in a new wave of amateur and professional cultural production and represent an alternate model for how to produce share circulate and experience new voices and perspectives Twenty years later podcasting is at a critical juncture in its relatively young history a moment where the early ideals of open standards and platform neutral distribution are giving way to services that prioritize lean back listening and monetizable media experiences This book provides an accessible and comprehensive account of one of digital media s most vibrant formats Focusing on the historical changes shaping podcasts as a media format the book explores the industrial technological and cultural components of podcasting alongside case studies of various podcasts industry publications and streaming audio platforms e g Spotify Google and Apple Podcasts Jeremy Wade Morris argues that as streaming platforms push to make podcasting more industrialized accessible user friendly and similar to other audio media like music or audiobooks they threaten podcasting s early though always unrealized promises This is the go to introduction for students and researchers of media communication and cultural studies as well as readers who enjoy making and listening to podcasts

*Women in the Studio* Paula Wolfe,2019-06-25 The field of popular music production is overwhelmingly male dominated Here Paula Wolfe discusses gendered notions of creativity and examines the significant under representation of women in studio production Wolfe brings an invaluable perspective as both a working artist producer and as a scholar thereby offering a new body of research based on interviews and first hand observation Wolfe demonstrates that patriarchal frameworks continue to form the backbone of the music industry establishment but that women s work in the creation and control of sound presents a potent challenge to gender stereotyping marginalisation and containment of women s achievements that is still in evidence in music marketing practices and media representation in the digital era

*Popular Music in a Digital Music Economy* Tim J. Anderson,2013-12-17 In the late 1990s the MP3 became the de facto standard for digital audio files and the networked computer began to claim a significant place in the lives of more and more listeners The dovetailing of these two circumstances is the basis of a new mode of musical production and distribution where new practices emerge This book is not a definitive statement about what the new music industry is Rather it is devoted to what this new industry is becoming by examining these practices as experiments dedicated to negotiating what is replacing an object based industry oriented

around the production and exchange of physical recordings In this new economy constant attention is paid to the production and licensing of intellectual property and the rise of the social musician who has been encouraged to become more entrepreneurial Finally every element of the industry now must consider a new type of audience the end user and their productive and distributive capacities around which services and musicians must orient their practices and investments

**Brave Together: Lead by Design, Spark Creativity, and Shape the Future with the Power of Co-Creation** Chris Deaver, Ian Clawson, 2023-12-05 Brave Together is a powerful book that can transform the lives of leaders creators or anyone looking to shape the future It comes from the thought leaders who helped Apple shift the culture from thinking different to working different together Groundbreaking Get ready to be inspired and join the co creation movement Marshall Goldsmith Thinkers50 1 Executive Coach and New York Times bestselling author of The Earned Life Brave Together is an exhilarating exploration of genuine collaboration where every voice matters and every idea is a potential catalyst for transformation Daniel H Pink 1 New York Times bestselling author of Drive To Sell is Human and The Power of Regret How did Apple overcome a culture of secrecy How did Pixar out innovate Disney Why do companies kill creativity Does Shark Tank teach us something about the way we pursue success that isn t true We ve been told that working harder and smarter is the only way to succeed in business and life But it s not true Hustle culture is causing burnout and pain in our lives making us feel divided What if instead we focused on working creatively with others And asked How can we shape cultures people love There is hope in co creation Brave Together is a deep exploration into how we can live and lead as co creators filled with unexpected stories powerful principles and a future oriented framework The authors have pressure tested this work with startups and Fortune 500s including Apple Coaching leaders how to reimagine their approach to culture converting creative ideas into billion dollar solutions with the help of these patterns The Mirror Test Take ownership of your reality and your creative identity The Hero s Sacrifice Break free of ego to connect with others in inspiring ways Become the Future Create a synthesis manifesting the best in mind heart and spirit Chris Deaver and Ian Clawson have written a handbook that challenges the status quo approach to leadership work and culture It offers the path to a bright future that isn t self made but shared

*Play Harder* Gerald Early, National Baseball Hall of Fame, 2025-04-29 An authoritative exploration of how Black Americans have shaped baseball from its emergence after the Civil War to the Negro Leagues and Jackie Robinson s breaking of the color barrier up to today s game by award winning author Gerald Early in collaboration with the National Baseball Hall of Fame No sport has been more associated with America s sense of itself with its identity than baseball No sport has been so inextricably bound with America s traditions with its notions of democracy and fair play than baseball And no professional sport in America has been as dramatically connected to social change as Major League Baseball when it became racially integrated the moment Jackie Robinson took the field with the Brooklyn Dodgers on April 15 1947 Play Harder comes at a time when the history of Black baseball has become especially relevant following MLB s recent recognition of the Negro

Leagues as major leagues and the effort to incorporate statistics from the Negro Leagues into those for all players Before Robbinson as Play Harder shows Black athletes played baseball as far back as the 1800s even before the establishment of the Negro Leagues But once founded in 1920 the Negro Leagues gave Black Americans an inroad to baseball that would be enduring and profound The leagues were an instrument of community building during a time when discrimination separated Black people from all white enterprises including baseball and they paved the way for racial integration that Black players hoped would come Play Harder showcases the Black stars of the game those from baseball s early years such as Moses Fleetwood Walker and Rube Foster Negro Leagues stars like Satchel Paige and Cool Papa Bell Jackie Robbinson and those who crossed the color line after him like Hank Aaron and Willie Mays followed by Frank Robbinson and Curt Flood and the stars who ushered in today s game such as Reggie Jackson Dave Winfield Barry Bonds and Ken Griffey Jr Playing out against the cultural and political events of 150 years the story bears witness to the richness of this country s diversity while remaining clear eyed about the racial injustice endured by Black Americans In the end Play Harder celebrates the triumph of some of baseball s greatest players and their remarkable contributions to the game we know and love today **Open**

**Source Leadership: Reinventing Management When There's No More Business as Usual** Rajeev

Peshawaria,2017-10-27 From taxi rides hotel stays car driving to communicating and paying everything we knew as normal has changed beyond recognition To lead effectively in today s brave new world you have to question EVERYTHING For the first time in human history knowledge is free and almost every boundary to communication has been lifted This open source world has permanently altered the business landscape And you can count on the fact that the pace of change will only accelerate Yet companies still rely on management tools and practices that were at best mildly effective in their heyday In Open Source Leadership Rajeev Peshawaria reveals the vision insight and practices he has used to help some of today s largest and most influential organizations meet the open source world head on It all starts with asking the right questions What s the most effective leadership style in a world of 24 7 connectivity How has the very concept of leadership changed in the open source era How do you inspire and reward performance in the gig economy How do you measure engagement and effectively address the gaps How can you lead innovation quickly and continuously Peshawaria reveals the answers to these questions and they will surprise you Based on his company s groundbreaking research spanning 28 countries he concludes that traditional industrial age thinking needs a massive upgrade to successfully navigating the brave new world of business Open Source Leadership rewrites the rules of management giving you a unique look at the most common misperceptions illusions and downright wrong information you ve been getting about what works and what doesn t It provides a new counterintuitive model for seizing competitive edge in any industry Among other issues the book argues convincingly that positive autocracy must replace democratic leadership talent and innovation are abundant not scarce early identification of high potentials is counter productive and setting employees free to do as little as they want will increase productivity *The*

*Deal*, 2010     *The Pilgrim Conspiracy* Jeroen Windmeijer, 2020-05-28 Perfect for fans of Dan Brown Robert Harris and Scott Mariani     Introduction to Information Systems R.
