Devaluing Public Apologies in the Age of Social Media Joshua M. Bentley, 2024-12-15 Devaluing Public Apologies in the Age of Social Media argues that apologies are losing their meaning because people treat them as strategical tools while ignoring their ethical implications Recent apologies by celebrities politicians and brands are examined to show how apologies need to be rooted in values to be effective

Social Convergence in Times of Spatial Distancing: The Role of Music During the COVID-19 Pandemic Niels Chr. Hansen, Melanie Wald-Fuhrmann, Jane Whitfield Davidson, 2022-07-19

Women in the Studio Paula Wolfe, 2019-06-25 The field of popular music production is overwhelmingly male dominated Here Paula Wolfe discusses gendered notions of creativity and examines the significant under representation of women in studio production Wolfe brings an invaluable perspective as both a working artist producer and as a scholar thereby offering a new body of research based on interviews and first hand observation Wolfe demonstrates that patriarchal frameworks continue to form the backbone of the music industry establishment but that women s work in the creation and control of sound presents a potent challenge to gender stereotyping marginalisation and containment of women s achievements that is still in evidence in music marketing practices and media representation in the digital era

Critically Assessing the Reputation of Waldorf Education in Academia and the Public: Early Endeavours of Expansion, 1919-1955 Ann-Kathrin Hoffmann, Marc Fabian Buck, 2024-04-01 The first of two volumes dedicated to this little explored topic this volume gathers international perspectives to critically assess how Waldorf education has been perceived and discussed in both public and academic arenas The book thereby challenges the historical concept of Waldorf education as an international movement championing progressive education Spanning the period 1919 1955 this first volume looks at countries with a longstanding tradition of Waldorf schools Germany The Netherlands Norway Switzerland Austria and Finland The second volume which covers the period 1987 2004 focuses on more recent developments in Japan Israel Spain Poland Kenya France Slovenia and China Throughout both books over 25 leading scholars present 16 case studies spanning 14 countries to discuss the history and perception of Waldorf education in the context of respective school systems and societies By exploring the ramifications of these case studies against the background of existing research the books offer cutting edge perspectives and prompts for scholarly debates for this as yet under researched field This book will be of interest to researchers scholars and postgraduate students in international and comparative education the theory of education and the philosophy of education Policy makers interested in the history of education as well as practicing teachers and school staff at Waldorf education institutions may also benefit from the volume

Popular Music in a Digital Music Economy Tim J. Anderson, 2013-12-17 In the late 1990s the MP3 became the de facto standard for digital audio files and the networked computer began to claim a significant place in the lives of more and more listeners The dovetailing of these two circumstances is the basis of a new mode of musical production and distribution where new practices emerge This book is not a definitive statement about what

the new music industry is Rather it is devoted to what this new industry is becoming by examining these practices as experiments dedicated to negotiating what is replacing an object based industry oriented around the production and exchange of physical recordings In this new economy constant attention is paid to the production and licensing of intellectual property and the rise of the social musician who has been encouraged to become more entrepreneurial Finally every element of the industry now must consider a new type of audience the end user and their productive and distributive capacities around which services and musicians must orient their practices and investments

Brave Together: Lead by Design, Spark Creativity, and Shape the Future with the Power of Co-Creation Chris Deaver, Ian Clawson, 2023-12-05 Brave Together is a powerful book that can transform the lives of leaders creators or anyone looking to shape the future It comes from the thought leaders who helped Apple shift the culture from thinking different to working different together Groundbreaking Get ready to be inspired and join the co creation movement Marshall Goldsmith Thinkers50 1 Executive Coach and New York Times bestselling author of The Earned Life Brave Together is an exhilarating exploration of genuine collaboration where every voice matters and every idea is a potential catalyst for transformation Daniel H Pink 1 New York Times bestselling author of Drive To Sell is Human and The Power of Regret How did Apple overcome a culture of secrecy How did Pixar out innovate Disney Why do companies kill creativity Does Shark Tank teach us something about the way we pursue success that isn t true We ve been told that working harder and smarter is the only way to succeed in business and life But it s not true Hustle culture is causing burnout and pain in our lives making us feel divided What if instead we focused on working creatively with others And asked How can we shape cultures people love There is hope in co creation Brave Together is a deep exploration into how we can live and lead as co creators filled with unexpected stories powerful principles and a future oriented framework The authors have pressure tested this work with startups and Fortune 500s including Apple Coaching leaders how to reimagine their approach to culture converting creative ideas into billion dollar solutions with the help of these patterns The Mirror Test Take ownership of your reality and your creative identity The Hero s Sacrifice Break free of ego to connect with others in inspiring ways Become the Future Create a synthesis manifesting the best in mind heart and spirit Chris Deaver and Ian Clawson have written a handbook that challenges the status quo approach to leadership work and culture It offers the path to a bright future that isn t self made but shared

Open Source Leadership: Reinventing Management When There's No More Business as Usual Rajeev Peshawaria, 2017-10-27 From taxi rides hotel stays car driving to communicating and paying everything we knew as normal has changed beyond recognition To lead effectively in today s brave new world you have to question EVERYTHING For the first time in human history knowledge is free and almost every boundary to communication has been lifted This open source world has permanently altered the business landscape And you can count on the fact that the pace of change will only accelerate Yet companies still rely on management tools and practices that were at best mildly effective in their heyday In Open Source Leadership Rajeev Peshawaria reveals the vision

insight and practices he has used to help some of today's largest and most influential organizations meet the open source world head on. It all starts with asking the right questions: What's the most effective leadership style in a world of 24/7 connectivity? How has the very concept of leadership changed in the open source era? How do you inspire and reward performance in the gig economy? How do you measure engagement and effectively address the gaps? How can you lead innovation quickly and continuously? Peshawaria reveals the answers to these questions and they will surprise you. Based on his company's groundbreaking research spanning 28 countries, he concludes that traditional industrial age thinking needs a massive upgrade to successfully navigating the brave new world of business. *Open Source Leadership* rewrites the rules of management, giving you a unique look at the most common misperceptions, illusions, and downright wrong information you've been getting about what works and what doesn't. It provides a new counterintuitive model for seizing competitive edge in any industry. Among other issues, the book argues convincingly that positive autocracy must replace democratic leadership; talent and innovation are abundant, not scarce; early identification of high potentials is counterproductive; and setting employees free to do as little as they want will increase productivity.

The Deal, 2010 *The Pilgrim Conspiracy* Jeroen Windmeijer, 2020-05-28 Perfect for fans of Dan Brown, Robert Harris, and Scott Mariani

Play Harder Gerald Early, National Baseball Hall of Fame, 2025-04-29 An authoritative exploration of how Black Americans have shaped baseball from its emergence after the Civil War to the Negro Leagues and Jackie Robinson's breaking of the color barrier up to today's game by award-winning author Gerald Early in collaboration with the National Baseball Hall of Fame. No sport has been more associated with America's sense of itself with its identity than baseball. No sport has been so inextricably bound with America's traditions with its notions of democracy and fair play than baseball. And no professional sport in America has been as dramatically connected to social change as Major League Baseball when it became racially integrated: the moment Jackie Robinson took the field with the Brooklyn Dodgers on April 15, 1947. *Play Harder* comes at a time when the history of Black baseball has become especially relevant following MLB's recent recognition of the Negro Leagues as major leagues and the effort to incorporate statistics from the Negro Leagues into those for all players. Before Robinson, *Play Harder* shows Black athletes played baseball as far back as the 1800s, even before the establishment of the Negro Leagues. But once founded in 1920, the Negro Leagues gave Black Americans an inroad to baseball that would be enduring and profound. The leagues were an instrument of community building during a time when discrimination separated Black people from all white enterprises, including baseball, and they paved the way for racial integration that Black players hoped would come. *Play Harder* showcases the Black stars of the game: those from baseball's early years such as Moses Fleetwood Walker and Rube Foster; Negro Leagues stars like Satchel Paige and Cool Papa Bell; Jackie Robinson and those who crossed the color line after him like Hank Aaron and Willie Mays; followed by Frank Robinson and Curt Flood; and the stars who ushered in today's game such as Reggie Jackson, Dave Winfield, Barry Bonds, and Ken Griffey Jr. Playing out against the cultural and political events of 150 years, the

story bears witness to the richness of this country's diversity while remaining clear-eyed about the racial injustice endured by Black Americans. In the end, *Play Harder* celebrates the triumph of some of baseball's greatest players and their remarkable contributions to the game we know and love today.

Introduction to Information Systems R. Kelly Rainer, Brad Prince, 2021-12-06 *Introduction to Information Systems* 9th Edition teaches undergraduate business majors how to use information technology to master their current or future jobs. Students develop a working understanding of information systems and information technology and learn how to apply concepts to successfully facilitate business processes. This course demonstrates that IT is the backbone of any business, whether a student is majoring in accounting, finance, marketing, human resources, production, operations management, or MIS.

Prospect, 2009 **Think Like a Rock Star: How to Create Social Media and Marketing Strategies that Turn Customers into Fans, with a foreword by Kathy Sierra** Mack Collier, 2013-04-19 What's better than getting new customers? Turning existing ones into FANS. Everything marketers need to know to find, engage, and leverage the power of brand evangelists. *Think Like a Rock Star* provides step-by-step instructions that show marketing professionals how to connect with customers both online and offline to create a truly fan-centric brand. Using case studies of how rock stars like Lady Gaga, Taylor Swift, Katy Perry, and Blink 182 cultivate fans, it teaches readers how to apply those lessons to create brand advocates who will grow profits, improve business frameworks, and contribute more than ever to the success of the brand. It also identifies successful and easily replicable marketing strategies of top brands such as Dell, Ford, Patagonia, and YouTube. *Think Like a Rock Star* is an indispensable tool for any marketing professional. Foreword by Kathy Sierra, cocreator of the *Head First* book series. Mack Collier is a social media strategist, trainer, and speaker who specializes in helping companies better connect with their customers via social media. His clients include businesses of all sizes, from sole proprietorships to Fortune 500 companies.

A Darkness is Golden Mary Hoang, 2021-01-05 A gift for anyone wanting to live a bigger, bolder, more courageous life. Dr. Nicole LePera, The Holistic Psychologist, combining the science of psychology with deep personal insights. Hugh Mackay, Join The Indigo Project founder and head psychologist, Mary Hoang, as she guides you on a journey to face your fears and create the life you want. Life is messy, no matter how much we try to control our lives. Unpredictable and difficult things happen to us all. In this powerful new vision, Mary Hoang reveals the hidden gold that lies in your darkness, showing how exploring your shadows can give you a new sense of direction for the future. Does anxiety rule you? Do you sometimes feel like you're not doing this whole life thing right? Do you find it hard to understand what self-love and self-worth really mean? If you're reading this, you're ready for change to create space in your life for what really matters to you. *Darkness Is Golden* is your invitation to value and accept yourself, to trust your inner voice, break unhelpful habits, and live a life on your own terms. Dealing with the mind is complex. Mary Hoang digs up the golden nuggets she has discovered over a decade in the therapy room and combines them with unique audio experiences framed by her research in music psychology. You will learn how to build healthier relationships, make space for

possibilities and find your wisdom It s time to dance with your darkness A reminder that in times where we feel the most hopeless we still have agency to turn things around FlexMami A new voice to the important and growing body of work on authenticity vulnerability and acceptance of imperfection Dr Tim Sharp The Happiness Institute A brilliant no BS manual for facing your fears breaking bad habits and getting your sh t together Gabrielle Tozer A much needed and unique take on mental health that will bring lightness and relatability to life s messiness Jordanna Levin Management Information Systems R. Kelly Rainer,Brad Prince,Hugh J. Watson,2016-11-16 The 4th Edition of Management Information Systems promotes active learning like no other text in the market Each chapter is comprised of tightly coupled concepts and section level student activities that transport your students from passively learning about IS to doing IS in a realistic context

Transformation of conventional Banking. Opportunities and risks of Fintech companies in Asset Management Gleb Romanchuk,2019-05-03 Master s Thesis from the year 2019 in the subject Business economics Banking Stock Exchanges Insurance Accounting grade 1 3 Berlin School of Economics and Law language English abstract The purpose of this work was to find out whether Fintechs are able to compete with Banks in the field of Asset Management Companies providing Robo Advisory services are considered to be the banks of the future Several interviews with companies working in this field have been conducted to investigate if the algorithms are prepared for the next financial crash This work contains 7 chapters starting with the motivation and research question Sec only the general situation on the market will be described including the changes of customer behavior This serves the purpose to give an understanding about the current market conditions Thirdly the banking sector will be described considering definitions and regulations In this work the focus will be on the German market therefore consumer behavior and details about the German retail banking industry are relevant Sub sequently chapter 4 deals with asset management and the new trends in the industry Chapter 5 describes the development of the fintech industry Definitions and regulations of the fintech companies are part of this chapter In chapter 6 the scientific investigation will be conducted and presented The results will show how stable the new technologies are in order to give an outlook for the future in the next chapter Prospects for the future of retail banking and especially asset management will be mentioned in chapter 7 General current trends and forecasts are also part of this chapter Since only limited literature is available about the fintech industry and especially robo advisory the investigation part includes a qualitative approach with interviews that have been conducted with qualified specialists that work or research in the robo advisory industry The question of whether and how the robo advisors will survive the next fi nancial crisis is topic of the interviews There has been no financial crisis that might have caused unforeseen problems for the systems ever since the creation of robo advi sory Thus it is unknown how those technologies will react to chaotic market situations The idea was to ask companies to what extent they are prepared for a financial crisis The findings of this investigation will deal with the possible future outline of those fintechs providing algorithm based asset management The question about the security framework has been answered with a

view to examining the future development of the robo advisory industry
