Dear Friend and Subscriber

What you are about to read is a remarkably simple idea that can be worth thousands and thousands of dollars to you. It is a tested idea. Others are using it every day and now... it's your turn!

Listen: One of the very best ways to advertise your business is direct mail. When you use direct mail, it enables you to fire your advertising bullets with a rifle instead of a shotgun. In other words, it lets you "target" your market.

However, there is a drawback. You see, direct mail is very expensive. Right now, for example, the postage cost of mailing a 1-ounce, first-class letter is 22 cents. And soon, it's going to be 25 cents and more. And, when you use direct mail, there are many other expenses besides postage. For example, you've got to pay for printing, list rental, envelopes, folding, stuffing and sealing and so on.

What this all boils down to is it's going to cost you about 40 cents (or more) for every piece of direct mail advertising you send out, even if you mail bulk rate.

The Gary Halbert Letter

The Gary Halbert Letter:

The Boron Letters Gary Halbert, Bond Halbert, 2013-06-11 A series of letters by history's greatest copywriter Gary C Halbert explaining insider tactics and sage wisdom to his youngest son Bond. Once only available as part of a paid monthly premium, The Boron Letters are unique in the marketing universe and now they are a bona fide cult classic among direct response marketers and copywriters around the world. The letters inside are written from a father to a son in a loving way that goes far beyond a mere sales book or fancy boardroom advertising advice. It's more than a Master's Degree in selling persuasion; it's hands down the best SPECIFIC and ACTIONABLE training on how to convince people to buy your products or services than I have ever read. The Boron Letters contain knowledge well beyond selling. The letters also explain how to navigate life's hurdles. This marketing classic is personal and easily digestible. Plus, immediately after reading the first chapters, you can go out and make money and a real noticeable difference in your marketplace. There are very few successful direct response marketers online or off who don't owe something to Gary Halbert, and for many of them, The Boron Letters is the crown jewel in their collection. Copywriters and marketers read and re-read The Boron Letters over and over again for a reason. These strategies, secrets, and tips are going to be relevant 5, 10, even 100 years from now because they deal honestly with the part of human psychology which never changes: how to convince and convert folks into buyers. Bottom line: Read the first chapter. Get into the flow of Gary's mind. Then read the second. I dare you to NOT finish the entire darn thing. After you put a few of the lessons into practice, you too will find yourself reading The Boron Letters again and again, like so many of today's top marketers. If you don't already have your copy, get it now. I promise you won't regret it. My best, Lawton Chiles.

Overdeliver Brian Kurtz, 2019-04-09 Brian Kurtz is the bridge connecting the bedrock fundamentals of direct response marketing to the state-of-the-art strategies, tactics, and channels of today. Overdeliver distills his expertise from working in the trenches over almost four decades to help readers build a business that maximizes both revenue and relationships. Marketing isn't everything, according to Brian Kurtz. It's the only thing. If you have a vision or a mission in life, why not share it with millions instead of dozens? And while you are sharing it with as many people as possible and creating maximum impact, why not measure everything and make all of your marketing accountable? That's what this book is all about. In the world of direct marketing, Brian Kurtz has seen it all and done it all over almost four decades. And he lives by the philosophy: Those who did it have a responsibility to teach it. Here's a small sample of what you'll learn: The 4 Pillars of Being Extraordinary, The 5 Principles of why Original Source matters, The 7 Characteristics that are present in every world-class copywriter, Multiple ways to track the metrics that matter in every campaign and every medium, online and offline. Why customer service and fulfillment are marketing functions. That the most important capital you own has nothing to do with money. And much more. Whether you're new to marketing or a seasoned pro, this book gives you a crystal clear road map to grow your business, make more money, maximize your impact in your market, and love what you're doing while you're doing it. Kurtz takes you inside the

How to Use Your Business Cards for Success G. Lee Mikules, 2003 Your business card is usually the first tangible thing a customer client will take with him or her after meeting you Does it communicate the message you want it to G Lee Mikules offers guidelines on how to get the most from your card from design to distribution Everyone is concerned about what is important to them before they are concerned about anything else And you as the one who hands them out must realize that your ego will clash with that of the person who receives your card The person you hand your card to does not care about your name or the fact that you have been in business for 25 years or that you have every credential possible and so forth The only thing he is interested in is what your business product or service can do for him Will it save or make him money Will it feed his ego You have to distill the essence of what your business is and most importantly what it can do for your customer into a concise benefit oriented hard hitting sales message Then put that message front and centre on your card *Entrepreneur*, 1994-07
