Among the Braves Shibani Mahtani, Timothy McLaughlin, 2023-11-07 Through the eyes of two frontline journalists comes a gripping narrative history of the Hong Kong pro democracy movement centered around a cast of four core activists culminating in the 2019 mass protests and Beijing's brutal crackdown Hong Kong was an experiment in governance Handed back to China in 1997 after 156 years of British rule it was meant to be a carve out between hostile systems a bridge between communism and capitalism authoritarianism and liberal democracy One country two systems kept its media free its courts independent and its protests boisterous designed also to convince Taiwan of a peaceful solution to Beijing's desire for reunification Yet this formulation excluded Hong Kong's own people their future negotiated by political titans in faraway capitals In 2019 an ill conceived law spear headed by a sycophantic leader pushed millions to take to the streets in one of the most enduring protest movements

the world has ever seen Xi Jinping responded with a draconian national security law that sought not only to end the demonstrations but quash the problem of Hong Kongers identity and desire for freedom Reverend Chu who believed Hong Kong had to carry the spirit of students at Tiananmen Square saw his silver haired comrades who birthed the city s modern pro democracy movement handcuffed and taken from their homes Tommy an art student radicalized into throwing Molotov cocktails watched braves like him brutalized by police before his own arrest prompted him to flee Finn epitomized the decentralized nature of the movement and its internet fueled victories but online anonymity couldn t stop his life from unravelling Gwyneth could predict her eventual fate when she chose to give up her career as a journalist to stand for election as an opposition candidate and did it anyway In *Among the Braves* Shibani Mahtani and Timothy McLaughlin tell the story of Hong Kong s past and what the sacrifices of its people mean for global democracy s shaky foundation [Bacon's Media Calendar Directory](#) ,1996 [Spaced Out](#) Mike Prada,2022-11-01 A hands on illuminating deconstruction of NBA basketball tracing the tactical evolution of the modern game As the NBA celebrates and surpasses 75 years of existence today s game looks nothing like it did in generations past when Bill Russell Wilt Chamberlain and Kareem Abdul Jabbar took turns ruling the league But it s also entirely different from a decade even half decade ago Today s stars enter the league with more versatility and fluidity than ever before and they need it to handle the strategies philosophies schemes skill sets movement patterns and measures of basketball intelligence that simply didn t exist in the past [Spaced Out](#) tells the story of what professional basketball looks like right now and how it got here Taking a court level view Mike Prada breaks down high level play to elucidate the athleticism strategy and skill demonstrated on a nightly basis while shining a light on the historical forces that have dramatically altered the shape of the game and the role of its superstars Topics covered include the explosion of three point shooting the rise and fall and rise again of zone defense the impact of tighter enforcement of perimeter contact rules and other pivotal factors impacting the pro game From Xs and Os to keen historic analysis this definitive volume will reveal the intricacies of a beautiful game for savvy fans players and coaches alike **The Washington Post Index** ,2008 *Net Kids* Michael Wolff,NetGuide,Netguider Staff,1996-11-12 As the media becomes filled with stories about Cyberspace dangers parents seek qualified guides so they can better manage children s online time This comprehensive directory featuring more than 5 000 entries and covering all major on line services gives parents complete information about games school related subjects chat areas and more **Internet** Annalisa Milner,2000 A step by step guide to browsing the World Wide Web using Internet Explorer explaining how to open a Web page use the toolbar navigate between pages print Web pages use a directory master searching skills and create a favorites list **Current Biography Yearbook** H.W.
