*Helping Young Children Learn Language and Literacy: Birth through Kindergarten* Carol Vukelich, James Christie, Billie Jean Enz, 2024-06-03 Pre service and in service teachers get sound instructional strategies for teaching the language arts to young children from birth to kindergarten and enhancing their reading writing speaking and listening development in this unique book that places children at the center of all good language and literacy teaching This book is about teaching the language arts about facilitating young children s reading writing speaking and listening development In a very readable manner the book places children at the center of all good language and literacy teaching while focusing on four central themes that run throughout the book

- 1 The authors provide rich descriptions of two perspectives in children s language and early literacy learning emergent literacy and scientifically based reading research and equip early childhood teachers with the know how to use the instructional strategies supported by the research in both perspectives
- 2 The authors acknowledge and take into account the increasing diversity of our society and schools by providing numerous illustrations of how teachers can work effectively with diverse learners providing special features at the end of chapters that explain how to adapt instruction for English Language Learners and children with special needs and by providing information on the tools teachers can use to discover what each child knows and can do in order to build on that child s prior knowledge
- 3 The authors stress that assessment cannot be separated from good teaching and they describe strategies that teachers can use to understand children s language and literacy knowledge in the context of specific learning and teaching events while also focusing on today s increasingly important accountability function of assessment and standardized testing instruments
- 4 The authors acknowledge the importance of the family in young children s language and literacy development and include descriptions of how early childhood teachers can connect with families and engage caregivers in their children s school or center

Practice with Purpose Debbie Diller, 2005 In her 30 years as an educator Debbie Diller has closely examined classroom practice asking Why What s the purpose Watching primary students work successfully at literacy work stations she wondered with teachers Why don t we have upper grade students doing this Could we kick it up a notch In her new book Debbie shows teachers of grades three to six how to structure their classrooms so that all students can be successful doing meaningful independent work using literacy work stations Practice with Purpose offers guidance on establishing routines for independent reading and response writing as well as step by step instructions on how

to set up and manage a variety of hands on literacy work stations appropriate for intermediate students Each chapter includes how to introduce the station innovative ways to use materials what to model to guarantee independence how to troubleshoot assessment and accountability ideas how the station supports student achievement on state tests reflection questions for professional development The extensive appendix includes time saving tools such as management board icons graphic organizers task cards and recommended Web sites and children s literature

### **Direct Instruction Reading**

Douglas Carnine,2010 For courses in Direct Reading Instruction Remedial Reading and Reading for Special Education Students Thoroughly integrating the latest guidelines from the National Reading Panel this is a practical guide to teaching reading via the direct instruction reading approach a proven program that s especially powerful with the most vulnerable learners those at risk because of poverty disability limited English Rather than simply list method after method these nationally known and respected authors provide a specific repertoire of carefully sequenced highly prescriptive procedures for teaching decoding comprehension content reading and study skills For each skill to be taught they recommend strategies discuss optimal timing offer examples and explain how to correct errors In addition they thoughtfully examine the relationships among different reading skills
