

## CIPS POSITIONS ON PRACTICE PURCHASING AND SUPPLY MANAGEMENT: SUPPLIER DEVELOPMENT

### Introduction

The CIPS position on the practice of purchasing and supply management may be described as follows: good purchasing is a particular contribution and an essential element of the overall management process with which it is concerned. The overall management process is a continuous one, the purchasing function being an integral part of it. Purchasing is a management function, not a clerical one, and is concerned with the selection and procurement of goods and services for the business. It is a management function, not a clerical one, and is concerned with the selection and procurement of goods and services for the business.

### The Management of Purchasing and Supply

#### Objectives

The objectives of purchasing and supply management are to ensure that the business obtains the goods and services it needs at the lowest possible cost, in the quantities and at the times required, and that the business is able to meet its obligations to its suppliers.

The objectives of purchasing and supply management are to ensure that the business obtains the goods and services it needs at the lowest possible cost, in the quantities and at the times required, and that the business is able to meet its obligations to its suppliers.

The objectives of purchasing and supply management are to ensure that the business obtains the goods and services it needs at the lowest possible cost, in the quantities and at the times required, and that the business is able to meet its obligations to its suppliers.

#### Methods

The methods of purchasing and supply management are to ensure that the business obtains the goods and services it needs at the lowest possible cost, in the quantities and at the times required, and that the business is able to meet its obligations to its suppliers.

The methods of purchasing and supply management are to ensure that the business obtains the goods and services it needs at the lowest possible cost, in the quantities and at the times required, and that the business is able to meet its obligations to its suppliers.

The methods of purchasing and supply management are to ensure that the business obtains the goods and services it needs at the lowest possible cost, in the quantities and at the times required, and that the business is able to meet its obligations to its suppliers.

#### Concluding remarks

The methods of purchasing and supply management are to ensure that the business obtains the goods and services it needs at the lowest possible cost, in the quantities and at the times required, and that the business is able to meet its obligations to its suppliers.
