From helping to identify markets to developing the relationships necessary for sales and distribution, this book is a must-have for any business trying to expand globally and profitably. Ellen A. Rudnick, Executive Director and Clinical Professor, Polsky Center for Entrepreneurship and Innovation, University of Chicago Booth School of Business, "Exporting: The Definitive Guide to Selling Abroad Profitably" is for entrepreneurs and small business owners, the makers, movers, and shakers in our world interested in taking their businesses to the next level of growth through exports. In the old days, creating an international business was left to relatively few, those with the wherewithal to move boatloads of goods into foreign countries. But now, thanks to the Internet, businesses of all sizes have a huge new opportunity to sell both goods and services globally. Yet only 1% of all U.S. businesses export. Why? Typically, exporting begins with unsolicited inquiries from foreign customers on the web, via email, website, blog, or posting on a Facebook page. People outside your country want your product, and they want it now. The problem is that most small business owners do not know how to service these inquiries. What's the best way to ship goods? Do I need a license? Should I sell through wholesalers in specific countries or directly to consumers? How will I get paid? Help is here. *Exporting* equips you with the knowledge you need to market, sell, and fulfill orders internationally, taking full advantage of the Internet and the opportunities it creates. It also
