Goodreads is a single site with a big, colorful catalog that lists every book ever published in the world. It's like a library, but it's online. Goodreads is a great place to find books to read, and it's a great place to share your favorite books with others.

The origin of Goodreads was a result of a combination of factors. In 2006, two friends, Otis Chandler and Michael Price, were looking for a way to connect with other readers. They wanted a place where they could find books to read, and they wanted a place where they could share their favorite books with others. They decided to create Goodreads, a place where readers could find books to read, and they could share their favorite books with others.

At first, Goodreads was just a place where you could find books to read. But as it grew, it became a place where you could share your favorite books with others.
