Burns,2009-10-22 This volume looks at how the new capabilities of Web 2 0 are changing the worlds of celebrity fandom and gossip With Ashton Kutcher s record breaking tweeting more famous than his films and Perez Hilton actually getting more attention than Paris the actress often covered in his blog the worlds of celebrity celebration and online social networking are pushing the public s crush on the famous and infamous into overdrive Celeb 2 0 How Social Media Foster Our Fascination with Popular Culture explores this phenomenon Celeb 2 0 looks at how blogs video sharing sites user news sites social networks and message boards are fueling America s already voracious consumption of pop culture Full of fascinating insights and interviews the book looks at how celebrities use blogs Twitter and other tools how YouTube and other sites create celebrity how Web 2 0 shortens the distance between fans and stars and how the new social media influences news reporting and series television

Custodians of the Internet Tarleton Gillespie,2018-06-26 A revealing and gripping investigation into how social media platforms police what we post online and the large societal impact of these decisions Most users want their Twitter feed Facebook page and YouTube comments to be free of harassment and porn Whether faced with fake news or livestreamed violence content moderators who censor or promote user posted content have never been more important This is especially true when the tools that social media platforms use to curb trolling ban hate speech and censor pornography can also silence the speech you need to hear In this revealing and nuanced exploration award winning sociologist and cultural observer Tarleton Gillespie provides an overview of current social media practices and explains the

underlying rationales for how when and why these policies are enforced In doing so Gillespie highlights that content moderation receives too little public scrutiny even as it shapes social norms and creates consequences for public discourse cultural production and the fabric of society Based on interviews with content moderators creators and consumers this accessible timely book is a must read for anyone who s ever clicked like or retweet

Theological Discourses on Social Media Christopher B. Barnett, Clark J. Elliston, Trevor B. Williams, 2025-08-29 Theological Discourses on Social Media will examine ten different social media platforms across three overarching parts The task throughout is first to delineate the configuration and intent of a given form of social media and second to probe its implications for theology On the whole the volume will focus on the Judeo Christian tradition though dialogue with and insight from other religious traditions will also be featured The upshot will be a unique theological engagement with the defining issue of our era a work that will be as relevant as it will be engrossing Featuring contributions from leading scholars it will be a must read for all students of theology religion and media and cultural studies

Technocreep Thomas P. Keenan, 2014-09-13 Technology is rapidly moving into our bodies writes cyber expert Keenan and this book gives a chilling look ahead into where that road may lead us on a one way trip to the total surrender of privacy and the commoditization of intimacy Here is the definitive dissection of privacy eroding and life invading technologies coming at you from governments corporations and the person next door Take for example Girls Around Me a Russian made iPhone App that allowed anyone to scan the immediate vicinity for girls and women who checked in on Foursquare and had poorly secured Facebook profiles It combined this information in a way never intended by the original poster Going to a Disney theme park Your creepy new MagicBand will alert Minnie Mouse that you re on the way and she ll know your kid s name when you approach her Thinking about sending your DNA off to Ancestry com for some genetic genealogy Perhaps you should think again your genetic information could be used against you With security scares like the Heartbleed bug which compromised even supposedly safe internet behemoths like Google and Yahoo becoming more commonplace this book is a must read for anybody who values their privacy in a wired world
