This is the second edition of *Bang*, released in summer 2010. *Bang: More Lays In 60 Days*, **Men's Rights, Gender, and Social Media** Christa

Hodapp,2017-09-05 This work examines the contemporary men's rights movement (MRM), a mainly online movement that claims men are oppressed by gender norms, women, and feminism. While some feminists and other progressives have dismissed the movement as simple misogyny, this book argues that the MRM expresses a growing cultural trend in male anger and frustration and is an extreme manifestation of what has been previously referred to as a masculinity crisis. In order to assess the implications of the MRM for gender politics, this book explores the movement politically, investigating the ways in which online communication and media outlets have impacted contemporary meanings of identity, gender, language, and political engagement. Furthermore, a discussion of various issues promoted by the MRM, such as parenting, divorce, employment, and violence, provide deeper insights into the issues surrounding masculinity and gender politics in current sociopolitical contexts. **Bang** Roosh Vörek,2010 *Bang* is a pickup textbook intended for men who weren't born with the

natural ability to sleep with a lot of women Amazon.com Seduction Rachel O'Neill,2018-06-28 Within the so called seduction community the ability to meet and attract women is understood as a skill which heterosexual men can cultivate through practical training and personal development Though it has been an object of media speculation and frequent sensationalism for over a decade this cultural formation remains poorly understood In the first book length study of the industry Rachel O'Neill takes us into the world of seduction seminars training events instructional guidebooks and video tutorials Pushing past established understandings of pickup artists as pathetic pathological or perverse she examines what makes seduction so compelling for those drawn to participate in this sphere Seduction vividly portrays how the twin rationalities of neoliberalism and postfeminism are reorganising contemporary intimate life as labour intensive and profit orientated modes of sociality consume other forms of being and relating It is essential reading for students and scholars of gender sexuality sociology and cultural studies as well as anyone who wants to understand the seduction industry's overarching logics and internal workings
