## **Sustaining The Transformation 2014:**

The Changing East Asian Security Landscape Stefan Fröhlich, Howard Loewen, 2017-11-14 The topic of this book deals with a highly relevant empirical issue East Asian security and the dynamics of the respective governance structure or architecture are not only of regional but of global concern Since the pivot of the American pivot to East Asia and other external actors responses to it the security architecture has changed in form size and function In order to analyze and explain these changes hypotheses derived from IR middle range theories i.e. soft and hard balancing will be applied to cases of bilateral and multilateral security governance in East Asia **"Code of Massachusetts regulations, 2014"**, 2014 Archival snapshot of entire looseleaf Code of Massachusetts Regulations held by the Social Law Library of Massachusetts as of January 2020 **The Mindful School** Patricia A. Jennings, Anthony A. DeMauro, Polina P. Mischenko, 2019-06-11 Demonstrating the benefits of mindfulness for both educators and students in PreK-12 this book presents flexible models for implementing and sustaining schoolwide initiatives Compelling case studies show how mindfulness practices can enhance students' academic and social-emotional functioning as well as teacher effectiveness Chapters review the evidence base for available programs reflect on lessons learned in real schools and provide guidance for planning and decision making The roles of school leaders, teachers, counselors, and parents in creating a more supportive and compassionate school climate are discussed Also described are innovative approaches to professional development and preservice teacher training The Adoption of Artificial Intelligence and Inertia in Higher Education James Hutson, 2025-10-01 This research monograph explores the complex resistance to integrating Artificial Intelligence (AI) within higher education institutions Despite the significant potential of AI to enhance education faculty adoption remains inconsistent and is often met with skepticism This book investigates key factors contributing to this resistance such as leadership deficits, funding barriers, cultural inertia, and faculty attitudes toward technological change Drawing on qualitative and quantitative empirical data, case studies from U.S. and international institutions, and theoretical analysis, the book uncovers underlying concerns about job security and professional identity It points to actionable strategies for overcoming these barriers and will be relevant for scholars, researchers, advanced students, and educators grappling with issues navigating technological integration in academia and with interests in the sociology of education, educational technology, and higher education administration **2015-16 The State of Agricultural Commodity Markets** Food and Agriculture Organization of the United Nations, 2018-04-18 Global trade in agricultural and food products has grown rapidly in recent decades with countries becoming more engaged in this trade, whether as exporters or importers This trend is expected to continue over the coming decades As a consequence, trade will play an increasingly important role in influencing the extent and nature of food security across all regions of the globe The challenge has therefore become one of ensuring that the expansion of agricultural trade works for and not against the elimination of hunger, food insecurity, and malnutrition This edition of *The State of Agricultural Commodity Markets* aims to

reduce the current polarization of views on the impacts of agricultural trade on food security and on the manner in which agricultural trade should be governed to ensure that increased trade openness is beneficial to all countries By providing evidence and clarity on a range of topics the report seeks to contribute to a more informed debate on policy choices and to identify required improvements in the policy processes within which these choices are made *Value by Design* Eugene C. Nelson, Paul B. Batalden, Marjorie M. Godfrey, Joel S. Lazar, 2011-02-23 *Value by Design* is a practical guide for real world improvement in clinical microsystems Clinical microsystem theory as implemented by the Institute for Healthcare Improvement and health care organizations nationally and internationally is the foundation of high performing front line health care teams who achieve exceptional quality and value These authors combine theory and principles to create a strategic framework and field tested tools to assess and improve systems of care Their approach links patients families health care professionals and strategic organizational goals at all levels of the organization micro meso and macrosystem levels to achieve the ultimate quality and value a health care system is capable of offering *State of Agricultural Commodity Markets* Food And Agriculture Organization Of The United Nations, 2016 In the first half of 2008 the world was facing the highest food price levels in 30 years and a global food insecurity crisis Although international food prices have since fallen they are still above the levels seen in recent years and are expected to remain so FAO estimates that soaring food prices pushed another 115 million people into chronic hunger in 2007 and 2008 bringing the world to nearly one billion hungry people This report explains why food prices increased and the steps needed to ensure that high food prices become an opportunity for developing country farmers to help safeguard world food supplies at affordable prices *Sustainable Development and Resilience of Tourism* Deepak Chhabra, Navin Atal, Alka Maheshwari, 2024-08-29 This volume examines progress in sustainable and resilient development of niche forms of tourism from a health and wellbeing perspective It also aims to offer deep and innovative insights on the supporting role of non pharmaceutical interventions to enhance resilience and wellbeing of visited and visiting communities A comparative and critical discourse of the role of hard medicine is also offered from both a core and supplementary perspective particularly from eudaimonic and physiologically restorative standpoints Furthermore indigenous non pharmaceutical interventions and spiritual healing mechanisms are discussed in the context of their potential to facilitate long term immunity and happiness The book conceptually situates health as a fourth pillar of sustainability and examines its role in stimulating long lasting transformations rooted in positive psychology inner transformation and sustainable consumption of organic products and services It designs an evolving transformational Quality of Life paradigm that strengthens the foundations of health wellbeing based sustainable development initiatives and resilience of tourism systems The work will be of interest to academic professional and various public and private stakeholders of tourism such as destination marketing organizations policy makers hospitality industries tour operators host communities NGOs and government agencies **Inflammation, Infection, and Microbiome in Cancers** Jun

Sun,2021-04-20 This book offers a summary and discussion of the advances of inflammation and infection in various cancers The authors cover the classically known virus infections in cancer novel roles of other pathogens e g bacteria and fungi as well as biomarkers for diagnosis and therapy Further the chapters highlight the progress of immune therapy stem cells and the role of the microbiome in the pathophysiology of cancers Readers will gain insights into complex microbial communities that inhabit most external human surfaces and play a key role in health and disease Perturbations of host microbe interactions often lead to altered host responses that can promote cancer development Thus this book highlights emerging roles of the microbiome in pathogenesis of cancers and outcome of therapy The focus is on mechanistic concepts that underlie the complex relationships between host and microbes Approaches that can inhibit infection suppress chronic inflammation and reverse the dysbiosis are discussed as a means for restoring the balance between host and microbes This comprehensive work will be beneficial to researchers and students interested in infectious diseases microbiome and cancer as well as clinicians and general physiologists

*Innovation in the Public Sector*, 2017 The public sector looms large economically both as a regulator of private economic activity and as a producer and consumer in its own right The rewards to innovation in the public sector can be huge but the obstacles can be formidable In this book policy makers and scholars from eight countries and two international organisations offer their unique insights on where the challenges lie and how they can be overcome This publication is part of an ongoing series highlighting some of the results of the UNECE Subprogramme on Economic Cooperation and Integration The objective of the Subprogramme is to promote a policy financial and regulatory environment conducive to economic growth knowledge base development and higher competitiveness in the UNECE region

Back cover *Sustaining Financial Support for Community Colleges* Stephen G. Katsinas, 2005 Sustaining fiscal support for community colleges has become increasingly difficult in an era marked by recurrent recessions legislator reluctance to raise taxes and intense competition for scarce resources from health care K 12 education and other pressing demands on state treasuries After introductory chapters that provide historical political and economic perspectives on the fiscal environment in which community colleges operate this volume describes institutional approaches to securing adequate funding in the face of fiscal uncertainty Chapter authors provide guidelines for fundraising leveraging corporate support through cooperative education programs securing government grants for workforce development managing mill levy elections for increased local tax support and realigning budget priorities in the face of economic downturns The volume also discusses the implications of today's changing fiscal environment for community college presidents and the skills they need to sustain adequate funding in the face of unpredictable revenue streams This is the 132nd volume of the Jossey Bass quarterly report series *New Directions for Community Colleges*
