Jackson loved being a high school teacher in a small town in the Midwest He loved everything history and he loved passing
all this knowledge on to his students He felt it was imperative that children learn about the past in order for them to prepare
for the future He never in his wildest dreams ever imagined that he would one day become an integral part of future history
Alan never sought out great wealth or fame He was after all a history teacher in a public school in Kansas Not the typical
chosen career in which to become rich or famous He never wished for any type of power The most control he possessed was
over the choice of decorations in the hallways on Presidents Day He never thought for a moment that he could impact the
lives of more than the students that passed through his classroom and that was only to ready them for college He was wrong
on all accounts Everything changed because he tried to impress a girl by taking up rock climbing in one of the flattest states
in the country Alan would become embroiled in national intrigue a worldwide power struggle that would change the course of
history challenge the largest and most deadly narcotics trafficking network and be the main focus of a secret operation that
ran all the way up to the President of the United States Fate had left it up to Alan to possibly save the lives of untold millions
This was all due to a unexpected intergalactic force Unbeknownst to Alan he would become the ultimate Sheepdog protecting
