**The Publishers' Circular and Booksellers' Record** ,1909      Carolingian Connections Joanna Story,2003 The Anglo Saxon influence on the Carolingian world has long been recognised by historians of the early medieval period Wilhelm Levison in particular has drawn attention to the importance of the Anglo Saxon contribution to the cultural and ecclesiastical development of Carolingian Francia in the central decades of the eighth century What is much less familiar is the reverse process by which Francia and Carolingian concepts came to influence contemporary Anglo Saxon culture In this book Dr Story offers a major contribution to the subject of medieval cultural exchanges focusing on the degree to which Frankish ideas and concepts were adopted by Anglo Saxon rulers Furthermore by concentrating on the secular context and concepts of secular government as opposed to the more familiar ecclesiastical and missionary focus of Levison s work this book offers a counterweight to the prevailing scholarship providing a much more balanced overview of the subject Through this reassessment based on a close analysis of contemporary manuscripts particularly the Northumbrian sources Dr Story offers a fresh insight into the world of early medieval Europe      Bazaar Exchange and Mart, and Journal of the Household ,1875
