 Bridging English fourth edition is a comprehensive English methods text that is structured on James Moffett's conception of
 the universe of discourse in the teaching of English talking and listening writing and reading The textbook combines theory
 and practice that is overarching structures with particular instructional strategies It provides prospective teachers with a
 huge array of approaches and activities that are active constructivist and student centered It mirrors that emphasis with
 boxed Invitations to Reflection that continually survey its readers about their experiences of English classrooms their new
 learnings as they read the text and their projection into classroom teaching of their own It takes into account the range of
 student learners a teacher will teach from the gifted to the reluctant and struggling It addresses the special needs of English
 language learners It also anticipates the need of its readers prospective teachers to put theory and method into practice by
 designing and delivering effective units and lessons In several chapters on pedagogy it helps them answer questions such as
 How do I actually teach writing design a unit evaluate student learning This edition also addresses many of the most
 persistent issues that arise within the field issues that bubble up in individual classrooms English departments and school
