50 contos de Machado de Assis Machado de Assis, 2019-02-16 Antologia indispensável com o melhor dos contos do grande escritor brasileiro. Leitura obrigatória do vestibular da Unicamp. Um homem que tem o estranho prazer de torturar ratos e encara a morte da mulher com a mesma satisfação. O outro que abandonado numa fazenda se olha num espelho e descobre que seu reflexo desapareceu. Uma mulher tão obcecada em esconder a idade que impede a filha de se casar. Um afortunado compositor de melodias populares que deseja desesperadamente escrever música clássica. Um rapazinho de quinze anos que se deixa empolgar pela visão dos braços de uma mulher mais velha. Um casal empobrecido que adora dançar e termina esbanjando numa festa o primeiro ganho na loteria. Essas são algumas das situações e personagens desta nova antologia de contos de Machado de Assis que inclui textos famosos mas também escolhas menos usuais. Além de uma apresentação convidativa e de notas esclarecedoras. Seja você um aficionado pela obra de Machado ou apenas um entusiasta da boa literatura a amplitude e sutileza destes escritos o prazer que se extrai da maneira como as histórias são contadas e da observação de pequenos detalhes vão faz-lo ler, reler e redescobrir o maior escritor brasileiro. Carlos Drummond de Andrade dizia que ler Machado de Assis era uma tentativa permanente quase como um vício a que tivesse de resistir não há melhor lugar para se dedicar a esse vício do que este livro.

Song of Exile Joshua Alma Enslin, 2022-04-15 Song of Exile: A Cultural History of Brazil's Most Popular Poem 1846-2018 is the first comprehensive study of the influence of Antônio Gonçalves Dias's "Canção do Exílio." Written in Coimbra, Portugal, in 1843 by a homesick student longing for Brazil, Song of Exile has inspired thousands of parodies and pastiches, and new variations continue to appear to this day. Every generation of Brazilian writers has adapted the poem's Romantic verses to glorify the wonders of the nation or to criticize it via parody, exposing a litany of issues that have plagued the country's progress over the years. Based on a core of five hundred texts painstakingly gathered over a five-year span, this book catalogs the networks of the poem's reinvention as pastiche and parody in Brazilian print culture from nineteenth-century periodicals to new media. Mapping the reoccurrences of the original's keywords and phrases over time, the book uncovers how the poem has been used by successive generations to write and rewrite the nation's history. This process of reinvention has guaranteed the permanency of Song of Exile in Brazilian culture, making it not only the nation's most popular poem but one of the most imitated in the world.

The Contradictions of Science in Machado de Assis Viviane Carvalho da Annuniação, 2025-09-12 This book explores the role of science in the short stories of Machado de Assis, focusing on works such as *O Alienista* (1882), *A Sereníssima República* (1882), and *Idéias de Canário* (1899). It examines how Machado uses scientific theories as literary and sociological devices to critique modern state institutions, including hospitals, prisons, and government-sponsored medical projects. His scepticism extends to the liberal and politically independent scientific discourse of late nineteenth-century Brazil, a period of profound political, economic, and social change. By questioning the idealized figure of the rational scientist, Machado exposes the racial and economic hierarchies upheld by the

dominant intelligentsia Madness egocentrism and the use of fantastic elements such as talking animals and absurd situations engage with the ancient tradition of the fable to highlight social tensions The result is an ethically charged poetics of unreason shaped by an ironic scepticism toward Romantic nationalism literary naturalism and scientific positivism particularly in relation to race gender class and nationality Perfect for scholars of literature history and cultural studies this book reinterprets Machado de Assis as a radical thinker whose fiction offers a penetrating critique of race gender and class in the making of modern Brazil It can also serve as an initial study for many interdisciplinary interpretations of his work opening new perspectives on his engagement with science and politics

As Representações da Loucura Gledson M. B. dos Santos, 2022-09-09 Durante o século XIX o conhecimento denominado como científico passou a ser considerado como a mais importante forma de entendimento dos fenômenos humanos contrapondo-se a outras fontes de saber mais antigas e tradicionais como as artes Assim apoiada em ideias racionalistas e positivistas a ciência passou a explicar todas as formas de expressão humana definindo o fenômeno da loucura como doença mental Se por um lado a ciência libertou a loucura das correntes e celas dos asilos por outro lado alienou-a dentro dos limites do saber médico científico Desse modo naquela época muitos escritores criaram romances novelas ou contos abordando o tema da loucura para questionar sua abordagem científica dentre os quais temos Edgar Allan Poe e Machado de Assis Entretanto considerando que esses dois escritores também manifestavam outras preocupações para além do tema da loucura enquanto doença mental utilizando o método comparatista o presente livro também analisa as representações da loucura e seus entrelaçamentos com a ironia paródica e satírica nos textos de O sistema do doutor Alcatraz e do professor Pena de Poe e O alienista de Machado

"Destina-se para a melhor": A presença das viúvas machadianas no Jornal das Famílias Jaqueline Padovani da Silva, 2018-04-04 A vasta contribuição de Machado de Assis ao longo dos 16 anos de circulação do Jornal das Famílias aponta para um conjunto literário que dispõe de cerca de oitenta contos veiculados na maioria das vezes de forma seriada Majoritariamente endereçadas a um público leitor feminino tais narrativas exploram temas relacionados ao amor e ao casamento em conformidade com a natureza conservadora do próprio Jornal Este livro enfatiza o cenário das condições explorado pelo impresso de Garnier a fim de que se possa analisar o trabalho feito por Machado no que concerne temática da viuvez e possível tomada de liberdade assumida pela mulher dentro dos limites sociais impostos pelo matrimônio no século XIX Com base no estudo das publicações do Jornal e com as fontes teóricas da História Cultural foi possível notar que apesar do conservadorismo apregoado pelo impresso a figura da viúva machadiana ocupa espaços de modulação entre o teor moralista do periódico e o deboche crítico indiciado em algumas matérias da revista
