Morning Routine Curtis Leone, 2020-02. Do you find yourself struggling to take advantage of the day? Does your day seem disorganized and cursed from the morning onwards? Then I invite you to take advantage of my limited time discount. We're all driven and motivated by something: the goals, the dreams, the passion. All of those driving forces keep us moving forward, one foot in front of the other. That motivation gives you the *carpe diem* you need to seize your day. How do you keep that fire of desire going? With a good morning routine. A morning routine that leaves you feeling empowered, energized, and ready to take on the rest of the day is the defining success factor. Your morning routine sets the tone for how the rest of your day is going to go. Everyone's got their way of how they like to get things done in the morning, but if your current morning habits are leaving you feeling tired, uninspired, and drained mentally and emotionally, even before your day has begun, clearly something needs to change. Let the first act of every morning be to make the following resolve for the day: I shall not fear anyone on Earth; I shall fear only God; I shall not bear ill will toward anyone; I shall not submit to injustice from anyone; I shall conquer untruth by truth. And in resisting untruth, I shall put up with all suffering. Mahatma Gandhi. We require routine and tradition. That's order. Order can become excessive, and that's not good, but chaos can swamp us, so we drown, and that is also not good. We need to stay on the straight and narrow path. Jordan B

Green, 2015-06-10 Have you ever noticed that some people seem to be able to get an enormous amount of work done in a single day while others struggle with one task The difference is that people that are able to get a lot of things done know what is involved in getting important things done and they know how to create an action plan to achieve whatever they want to achieve whether that is throughout the course of a single day or something that is more cumulative over the course of a lifetime It is related to goal setting and more importantly to habit stacking They have essentially figured out a way to live their lives that helps them be more productive and realize the things that are truly important to them while others continue to struggle People that figure out the secret to achieving this are able to live out their dreams as opposed to struggling on an almost daily basis just to get by The good news is that it is really not all that difficult It simply requires that you learn how to set up a list of things to do every day and then take action in order to accomplish everything on that list The most important thing is that you have to learn how to do all of this even when you are not motivated
