Cosmopolitan ,1992 Smoke Between Us Eric J Neal,2025-06-24 Smoke Between Us A Novel of Love Loss and the Healing Flame Evan Holt was built for fire calm under pressure fearless in chaos and willing to throw himself into burning buildings when others turned away But after years of emergency calls steeped in tragedy the fire is no longer just out there it s inside him Nightmares stalk his sleep Anger simmers beneath his skin And something vital inside him is beginning to fracture After one call goes particularly wrong his team pushes him to seek help That s how he ends up in the office of Dr Lena Rowan a psychologist known for her poise precision and quiet resilience She s steady where he s volatile patient where he s stubborn And their first sessions are nothing short of a battlefield Evan refuses to talk Lena refuses to retreat But the walls start to crack As sessions unfold Evan begins to relive not just the horrors of his job but the trauma he thought he d buried for good a childhood fire abuse cloaked in silence and the faint memory of a woman who once shielded him from the flames What neither of them expects is that Lena was that woman Years ago on the worst night of Evan s life she had been the stranger who wrapped him in her jacket and whispered You re safe now Neither recognized the other at first but when the truth emerges it binds them in a way that no textbook could prepare them for Lena too carries her own grief a husband lost to suicide a life built around helping others while quietly unraveling inside The more she sees Evan the more their pain mirrors each other s raw familiar and dangerously intimate When a rain soaked night leads to a kiss that crosses every professional boundary Lena makes the painful decision to transfer clinics Meanwhile Evan commits himself to healing joining a group therapy program for first responders and finally learning to speak the truths he s long avoided Weeks pass The silence between them grows heavy And then Evan writes the letter that changes everything You weren t just my psychologist You were the first person to stay When Lena arrives at the firehouse not as his therapist but as herself they sit together as equals For the first time they speak openly Honestly Without fear In a final chapter full of hope and quiet beauty Evan brings Lena to the site of his childhood home now a thriving community garden There he shares his plan to launch a support group for first responders built on healing and honesty And he wants her help not as a therapist but as a partner Smoke Between Us is a poignant deeply emotional story about the intersections of trauma memory and unexpected love It s a novel about what we carry what we bury and what happens when someone finally helps us breathe again For the first time in years he inhaled and didn t taste smoke

ENDLESS LOVE, ROMANCE , AND INTIMACY

Bukenya Siraje, As a society we are embarrassed by love We treat it as if it were an obscenity We reluctantly admit to it Even

saying the word makes us stumble and blush Love is the most important thing in our lives a passion for which we would fight or die and yet we re reluctant to linger over its names Without a supple vocabulary we can t even talk or think about it directly As the title ENDLESS LOVE ROMANCE AND intimacy indicates we want to live in a culture where love can flourish We yearn to end the lovelessness that is so pervasive in our society This book tells us how to return to love ENDLESS LOVE ROMANCE AND intimacy provides radical new ways to think about the art of loving offering a hopeful joyous vision of love s transformative power it lets us know what we must do to love again Gathering love s wisdom it lets us know what we must do to be touched by love s grace THERE ARE NOT many public discussions of love in our culture right now At best popular culture is the one domain in which our longing for love is talked about Movies music magazines and books are the place where we turn to hear our yearnings for love expressed Yet the talk is not the life affirming discourse of the sixties and seventies which urged us to believe All you need is love Nowadays the most popular messages are those that declare the meaningless of love its irrelevance A glaring ex ample of this cultural shift was the tremendous popularity of Tina Turner s song with the title boldly declaring What s Love Got to Do with it I was saddened and appalled when I interviewed a well known female rapper at least twenty years my junior who when asked about love responded with biting sarcasm Love what s that have never had any love in my life Youth culture today is cynical about love And that cynicism has come from their pervasive feeling that love can not be found Expressing this concern in When All You ve ever Wanted isn t Enough Harold Kushner writes lam afraid that we may be raising a generation of young people who will grow up afraid to love afraid to give them selves completely to another person because they will have seen how much it hurts to take the risk of loving and have it not work out am afraid that they will grow up looking for intimacy without risk for pleasure without significant emotional investment They will be so fearful of the pain of disappointment that they will forgo the possibilities of love and joy Young people are cynical about love Ultimately cynicism is the great mask of the disappointed and betrayed heart When I travel around the nation giving lectures about ending racism and sexism audiences especially young listeners become agitated when I speak about the place of love in any movement for social justice

HOUSE OF THE RAVEN INGRID. SEYMOUR,2024 *Abandon* Trish Heinrich,2023-05-16 My ex wife is the only one that can save me Guess I shouldn't have eaten her favorite Girl Scout cookies You know you've still got it bad when you haven't taken the wedding ring off a year after the divorce Andy has always been the only one for me The brawn to my brains The hot fudge to my vanilla ice cream The well you get the idea But this isn't the reunion I would've hoped for With feral Orcs and a psychopath bent on world domination hunting us it doesn't exactly leave a lot of time to show her how great I'm doing without her Or to ask her why she left me without an explanation Between the fights about who actually left socks all over the apartment totally her and who was the biggest workaholic maybe a tie we start to realize that the past isn't going to stay buried All it takes is one illicit moment on the back of a motorcycle for us to reignite the passion that used to burn so hot between us Returning to a love that broke both our hearts isn't going to help us survive In fact it might just kill us Problem is we were never good at resisting one another Warning *Abandon* is a stand alone romance in the *Monsters Artifacts* series It features a brainy cinnamon roll Orc and a kick butt special Agent FMC booby traps size difference an Orc who's nerdy in the streets and spicy in the sheets and whole lotta *Lost City* Vibes It's intended for mature audiences CW's include debilitating illness death of family member in the past *Sweet Tempo* James P. Kain,2009-05-11 From the Prologue of *Sweet Tempo* Call me Stephen Please Mom and dad call me Little Stevie an embarrassment made worse by the fact that there is no Big Stevie in our family unless you consider Uncle Steve who we haven't seen since my first communion My dad Leopold by the way named me after one of his army buddies who died in the Pacific campaign of WWII I think he wanted me to be Little Stevie reincarnated or something I often disappointed him It's just as well that he didn't call me Little Leo But it's having the Little attached to me all my life that gave me twitches I always wondered when I would grow up I thought it might happen when I first went to college but my mom's letters and phone calls spread the name through all the dorms and hallways It took a major decision the only one at that for me to step out of Little Stevie's pantaloons and into gabardine trousers of adulthood although I really don't know what gabardine is for I still wear denim When I decided that I had enough of college and wanted to travel they surprised me by not arguing At that point I wasn't sure if I had made the decision or they had but once they set me free I was cornered into going Decisions do not come easily to Little Stevie so it was with great ironies and twists of fate that this decision would lead me to this My trip began as an adventure and this book a travelogue But as Providence would have it it soon became a romance and then some twisty sort of unromance then I wish it never happened a tragedy The reader I hope sees a comedy in tragic guise the irony is there to taste Much that is written here need not have been written my preference is that none of it occurred At this point much seems like a nightmare within a dream and in fact the dreams I had while on this trip were as real as sin You'll see There are times that I wonder if it happened at all But the story here needs to be told if only to honor the memory of love lost Perhaps the story will entertain but it also serves as therapy and treatment for the tragic minded and chronically romantic I wonder now if this is what it means to grow up **Soulfire**

Jennie Wren Foster, 2025-11-01 When your soulmate is your sworn enemy love becomes an act of treason Elara Thornwood has spent her entire life preparing for one thing to never need anyone As a powerful Fire Weaver and archivist at the Grand Archive she's built a quiet controlled existence cataloging magical history while kingdoms burn around her Then her soulbond awakens The cosmic connection that should complete her is instead tearing her apart because her fated mate isn't just from the enemy Ash Kingdoms He's Prince Kael Ashenblade heir to the throne of the very people who have slaughtered her family for generations Kael is dying The bond rejection is consuming him from the inside and he has weeks maybe days before his own magic destroys him His only chance at survival lies across the Sundering Mountains in the hands of a woman who has every reason to let him die When they finally meet at the border between their kingdoms exhausted and half dead they face an impossible choice complete the bond and become traitors to everything they've ever known or fight fate and guarantee their own destruction But the ancient fortress where they take shelter holds secrets that could change everything Evidence that their kingdoms were once united Proof that the centuries of bloodshed began with a lie Now Elara and Kael must decide Will they hide their bond and live as fugitives Or will they return to their kingdoms and dare to imagine that two people bound by fate could be strong enough to end a thousand year war Perfect for fans of Fourth Wing From Blood and Ash and A Court of Thorns and Roses **SOULFIRE** is an enemies to lovers romantasy about choosing love over loyalty and finding the courage to rewrite history

[When Starlight Remembers Us](#) Diane Dreher, 2026-01-19 Some loves are destined to fade Others are powerful enough to survive lifetimes Aria Calder has built her life on survival paying the bills keeping her head down and expecting nothing from fate Magic is a myth destiny a luxury she can't afford But when a single night shatters her carefully ordinary world Aria awakens to a truth buried deep within her soul She was once the Heartbound Queen a wielder of starlight whose power reshaped realms and whose love nearly destroyed them Now reborn in a modern city where magic hides in shadows Aria must face a past she chose to forget and a destiny that refuses to stay buried As ancient forces rise and hunters close in her power awakens faster than she can control it Standing beside her is Caelen her former protector her greatest love and the one man sworn to guard her even from himself As memories stir and danger grows Aria must decide who she is now not who she once was Because love like magic demands a price And this time the cost may be higher than ever before When Starlight Remembers Us is a deeply emotional romantasy about rebirth choice and a love that endures beyond time betrayal and death Blending modern fantasy with aching romance this novel is perfect for readers who crave powerful heroines slow burn love and magic rooted in emotion rather than spectacle This is not a story about finding magic It is a story about remembering it

If Only Suomi Alun Buffry, 2020 If Only Suomi is a story of love through time At first thought the difference between past present and future may seem obvious The past has happened the present is now and the future has yet to come Second by second our future becomes our past That is if time is linear and we travel in a straight line But what if we could travel in time your past can become your future or your future can become your past What if your future

could become your past What sort of paradox could we create How careful would one have to be to avoid even wiping oneself out of time altogether What if you went back in time and fell in love then had to return to the present leaving your love behind What if you could travel back and change your past to change the present and your future or even to live your life a second time This is a story of how the future changed the past when Al from 2028 travels back to 1972 just for three days This is a science fiction story and a romance for Al falls in love in 1972 and then has to return to 2028 without his beloved Suomi Will they ever meet again Time can sometimes work wonders Most books are considered to be fiction or non fiction or a combination written before or after the events therein Those are either historical which can include a lot of speculation and guesswork simply made up futuristic speculative prophecies or wishful thinking This book is all of that It s questionable when exactly it was written It is clearly written after events in the author s life but both before and after the present day in 2020 on our calendars It includes memories and dreams prophecies and wishful thinking In fact some sort of time travel If only in the mind So what is the difference between dreams and memories We can have memories of dreams and dreams of memories We can have dreams within dreams What is the difference between reality and illusions or imagination Dreams can seem very real and what we normally call reality can often seem unreal Ancient religions tell us that the world is nothing but an illusion just at twinkle in the eye of the Creator a cutting from the fingernail of Krishna Maya All the world s a stage And all the men and women merely players wrote William Shakespeare As children we sang Row row row your boat Gently down the stream Merrily merrily merrily merrily Life is but a dream Modern day scientists may tell us that the whole Universe and everything around us even our own bodies is made of subatomic particles too small to see with the naked eye and waves that sometimes it may be a particle and sometimes a wave wave particle duality and according to the Heisenberg Uncertainty Principle we can never say exactly when and where a particle is They say that it is mostly space and that it is our senses and brains that put it all together so we can live in it In other words an illusion Others even say that technically it is all holographic We are not actually here at all And some religious folk who believe in an all powerful God may say that it was all made not so long ago to look like it is much older like a film set or a game of Dungeons and Dragons Then there are dreams within dreams
