**Renovate Before You Innovate** Sergio Zyman, Armin A. Brott, 2004 According to bestselling marketing expert Sergio Zyman many companies rely too heavily on innovation to solve their problems Whenever a brand or business gets old and tired the impulse is to scrap it and start over with something fresh It sounds great but more often than not innovation simply doesn't work Zyman knows this firsthand he was the chief marketing officer at Coca Cola during the disastrous launch of New Coke So what's the alternative Zyman now preaches the power of renovation not innovation Recapture the essence of your existing brands products and core competencies and do more of the things that made you great in the first place For instance Coca Cola's essence was about authenticity continuity and stability and New Coke undermined all three qualities It seems obvious in retrospect yet too many managers are so impressed by innovation that they approve ideas no one will buy such as premoistened toilet paper or smokeless cigarettes With Renovate Before You Innovate Zyman explains the tools managers need to revitalize their marketing strategies and improve their growth rates This book will challenge the conventional business wisdom and help companies make smarter decisions
