Leatrice, 2020-09-23 Samaya and Queen tried letting their past go but money was their main focus and it controlled their minds literally letting their innocence go to the streets and the shiny pole wasn t shit to them When they ran into one of the many wealthy families they betrayed in a long time of come ups the scheme had them running The love for the easy money blinded them from what fake or the real love the men were trying to give so going with the flow slowed them all the way down into hiding Holding on to their upbringing of not having shit made them run from family fuck over friends and themselves at the same time doing dumb shit Trying not to lose everything they hustled for made them hustle harder and hit licks The easy money made them unstoppable at coming up with schemes that almost brought them to life and death situations many times **Life Through My Window** Anshul, 2024-10-23 In recent years many have encouraged me to write a book While I identify more as a writer than a traditional author I felt a deep calling to create something truly unique a heartfelt collection of poetry These poems celebrate the beauty of everyday life each accompanied by a story that resonates with themes of love nature loss and joy Each piece captures fleeting moments inviting reflection and connection My hope is that these words resonate with our shared experiences offering comfort and inspiration as we journey through them together Join me in this journey to find extraordinary within the ordinary as we learn to love this life together *Side Affects* Hil

Malatino, 2022-04-19 How the bad feelings of trans experience inform trans survival and flourishing Some days or weeks or months or even years being trans feels bad Yet as Hil Malatino points out there is little space for trans people to think through let alone speak of these bad feelings Negative emotions are suspect because they unsettle narratives of acceptance or reinforce virulently phobic framings of trans as inauthentic and threatening In *Side Affects* Malatino opens a new conversation about trans experience that acknowledges the reality of feeling fatigue envy burnout numbness and rage amid the ongoing onslaught of casual and structural transphobia in order to map the intricate emotional terrain of trans survival Trans structures of feeling are frequently coded as negative on both sides of transition Before transition narratives are framed in terms of childhood trauma and being in the wrong body Posttransition trans individuals especially trans people of color are subject to unrelenting transantagonism Yet trans individuals are discouraged from displaying or admitting to despondency or despair By moving these unloved feelings to the center of trans experience *Side Affects* proposes an affective trans commons that exists outside political debates about inclusion Acknowledging such powerful and elided feelings as anger and exhaustion Malatino contends is critical to motivating justice oriented advocacy and organizing and recalibrating new possibilities for survival and well being **Seven Year Itch** Amy Daws, 2025-06-17 Deliciously funny and spicy Elsie
