My Experiments with the Truth Mohandas Karamchand Gandhi,2014-03-27 Four or five years ago at the instance of some of my nearest co workers I agreed to write my autobiography I made the start but scarcely had I turned over the first sheet when riots broke out in Bombay and the work remained at a standstill it is not my purpose to attempt a real autobiography I simply want to tell the story of my numerous experiments with truth and as my life consists of nothing but those experiments it is true that the story will take the shape of an autobiography But I shall not mind if every page of it speaks only of my experiments I believe or at any rate flatter myself with the belief that a connected account of all these experiments will not be without benefit to the reader

Gandhi and Bin Laden James L. Rowell,2009-08-05 No two figures could seem further removed than Mohandas K Gandhi and Osama bin Laden Gandhi advocated an inclusive religious perspective and believed that the highest ideals in religion led to the path of absolute nonviolence In contrast Bin Laden has concocted a militant and exclusive interpretation of Islam and tried to justify some of the most barbarous acts of terrorism witnessed at the turn of the century Can both men be equally religious figures As leaders of movements of political protest do they have any points of similarity Moreover how can the religious philosophy of nonviolence respond to its nemesis which takes life so easily and casually These and other important questions are explored in this work that examines the lives and ideas of Mohandas K Gandhi and Osama bin Laden as well as that of Abdul Ghaffar Khan a refreshing nonviolent representative of Islam

Gandhi's Autobiographical Construction of Selfhood Clara Neary,2023-03-15 This book addresses the topics of autobiography self representation and status as a writer in Mahatma Gandhi s autobiographical work The Story of My Experiments with Truth 1927 1929 Gandhi remains an elusive figure despite the volumes of literature written on him in the seven decades since his assassination Scholars and biographers alike agree that no work on his life has portrayed him in totality Desai 2009 and although arguably the most popular figure of the first half of the twentieth century and one of the most eminent luminaries of our time Gandhi the individual remains as much an enigma as a person of endless fascination Murrell 2008 Yet there has been relatively little scholarly engagement with Gandhi s autobiography and published output has largely been concerned with mining the text for its biographical details with little concern for how Gandhi represents himself The author addresses

this gap in the literature while also considering Gandhi as a writer This book provides a close reading of the linguistic structure of the text with particular focus upon Gandhi s self representation drawing on a cognitive stylistic framework for analysing linguistic representations of selfhood Emmott 2002 It will be of interest to stylisticians cognitive linguists discourse analysts and scholars in related fields such as Indian literature and postcolonial studies **An Autobiography** M.
