Reviewer Ron Jacobs     *Epistolary Entanglements in Film, Media and the Visual Arts* Teri Higgins, Catherine  
Fowler, 2025-10-01 This collection departs from the observation that online forms of communication the email blog text  
message tweet are actually haunted by old epistolary forms the letter and the diary By examining the omnipresence of  
writing across a variety of media the collection adds the category of Epistolary Screens to genres of self expression both  
literary letters diaries auto biographies and screenic romance dramas intercultural cinema essay films artists videos and  
online media The category Epistolary encapsulates an increasingly paradoxical relation between writing and the self first it  
describes selves that are written in graphic detail via letters diaries blogs texts emails and tweets second it acknowledges  
that absence complicates communication bringing people together in an entangled rather than ordered way The collection  
concerns itself with the changing visual textual texture of screen media and examines what is at stake for our understanding  
of self expression when it takes Epistolary forms The collection Auto graphic Screens Epistolary Entanglements in Film  
Media and Visual Culture Is the first to interrogate the presence of epistolary forms of writing on screen It adds the new  
category of Auto graphic screens to genres of self expression and provides a broad perspective upon epistolary forms of  
writing on screen by studying romance dramas and intercultural cinema essay films artist s filmmaking and online media
