Support current educational initiatives with a ready-to-use tool that will help you with selection, motivation, and skill building relative to titles published within the last five years. New demands by Common Core and other national and state standards mean teachers and librarians need support in pairing high-interest content with skill building that speaks to those standards. This hands-on, research-based resource will help. Covering 100 titles, it guides you to topics, themes, values, and activities that meet national and state standards. The book's organization by genres, topics, and themes will enable librarians to serve customers with specific requests and help teachers build thematic units. Focusing on recent young adult fiction and nonfiction (2010-2014), the guide offers a succinct plot summary, links to popular themes and genres, indication of reading levels, and an engaging booktalk for each title. It also includes guidelines for further promoting each book and extending knowledge through discussion. The author, a former middle and high school teacher, demonstrates how you can foster close reading through paraphrasing, comparison, and response, and explains how to strengthen critical thinking among teens. **Between the Lines** Michael Anthony, Joan F. Kaywell, 2016-09-23. Michael Anthony, 20-year reading workshop practitioner at the secondary level, and Joan Kaywell, acclaimed author and advocate for young adult literature in learning, present *Between the Lines*, a creative paradigm shift for the English Language Arts workshop classroom. In contrast to the traditional sustained silent reading and individual conferencing model, an impractical commitment for most teachers, *BtL* invites collaborative engagement and active inquiry among students, as well as on-demand writing and integrated YA literature, all designed to support existing middle and secondary level ELA classroom curriculum instruction and national academic learning standards while empowering English educators toward improved student literacy achievement and the creation of lifelong readers. The classroom activities, with student-friendly names like Book Chat, Check and Pop Goes the Question, promote animated discussions in social learning contexts and produce writings supported by textual evidence from student-selected texts. Clear, step-by-step directions for facilitation and authentic models of resulting student writing are shared, along with a standards-based lesson plan suitable for grades 6-12. Ongoing teacher-student journal conversations validate independent reader thought processes and provoke differentiated learning experiences. The book includes Common Core State Standards-based strategies for responding to students meaningfully and for inviting extensions beyond the book, motivating increasingly complex and connective writings. Sample dialogue, journal entries, and insightful commentary and practical analysis. Everything needed for implementing *Between the Lines* is contained within these pages, including a user-friendly appendix filled with fully reproducible classroom workshop materials, tips for reducing

the teacher reading and writing loads and suggestions for building an enviable classroom library stocked with award winning adolescent literature
