Hester,2010-06-10 Some of the most renowned modern practitioners of New Testament rhetorical criticism including Elisabeth Schussler Fiorenza Wilhelm Wuellner and the editors themselves provide new rhetorical readings of New Testament texts Organized into three distinct sections Rhetorics in the New Millennium provides a cutting edge approach to this thorny issue in biblical studies The first section is a collection of three essays that are primarily theoretical in nature and concerned with examining general theories of rhetoric The second section is a series of specific studies each using a different accepted theoretical model to analyze a given text The final section presents valuable appendices which summarize information about the content of certain theoretical models of criticism Finally a bibliography listing a wide variety of rhetorical critical studies and reference works is included **The Principles of Rhetoric and English Composition for Japanese Students** W[illiam] D[ouglas].
