Dear Friend and Subscriber

What you are about to read is a remarkably simple idea that can be worth thousands and thousands of dollars to you. It is a tested idea. Others are using it every day and now... it's your turn!

Listen: One of the very best ways to advertise your business is direct mail. When you use direct mail, it enables you to fire your advertising bullets with a rifle instead of a shotgun. In other words, it lets you "target" your market.

However, there is a drawback. You see, direct mail is very expensive. Right now, for example, the postage cost of mailing a 1-ounce, first-class letter is 22 cents. And soon, it's going to be 25 cents and more. And, when you use direct mail, there are many other expenses besides postage. For example, you've got to pay for printing, list rental, envelopes, folding, stuffing and sealing and so on.

What this all boils down to is it's going to cost you about 40 cents (or more) for every piece of direct mail advertising you send out, even if you mail bulk rate.

**How to Use Your Business Cards for Success** G. Lee Mikules,2003 Your business card is usually the first tangible thing a customer client will take with him or her after meeting you Does it communicate the message you want it to G Lee Mikules offers guidelines on how to get the most from your card from design to distribution Everyone is concerned about what is important to them before they are concerned about anything else And you as the one who hands them out must realize that your ego will clash with that of the person who receives your card The person you hand your card to does not care about your name or the fact that you have been in business for 25 years or that you have every credential possible and so forth The only thing he is interested in is what your business product or service can do for him Will it save or make him money Will it feed his ego You have to distill the essence of what your business is and most importantly what it can do for your customer into a concise benefit oriented hard hitting sales message Then put that message front and centre on your card [Entrepreneur](#) ,1994-07 [The Standard Periodical Directory](#) ,1993
