The International Killer Thriller Annabel Patterson, 2017-04-29 The *International Killer Thriller* focuses on the extremely successful novels of Daniel Silva who has pulled off the daunting task of writing in short order a series of novels with the same protagonist Gabriel Allon a world famous assassin whom we are to regard as our hero Originally hired by Israel on the order of Golda Meir to avenge the assassination of the Jewish athletic team at the Munich Olympics Gabriel has been called upon subsequently by his government and then by those of Britain Italy France and the United States either to mastermind or to assist in the operations against the assassins or master criminals of other countries What makes him more interesting than most top guns is his other career restoring masterpieces of painting from either old age or criminal damage Taken as a series the fifteen Allon novels take the reader all over the world including Putin s Russia The series requires us to evaluate the role of violence and especially revenge in the world we and our political leaders are forced to engage in They all take place in almost real time and are up to date or even prescient about the dangers we face

The Triumph of the Thriller Patrick Anderson, 2007-02-06 There s been a revolution in American popular fiction The writers who dominated the bestseller lists a generation ago with blockbuster novels about movie stars and exotic foreign lands have been replaced by a new generation writing a new kind of bestseller one that hooks readers with crime suspense and ever increasing violence Patrick Anderson The Washington Post s man on the thriller beat calls this revolution the triumph of the thriller and lists among its stars Thomas Harris Michael Connelly George Pelecanos Dennis Lehane Sue Grafton and Elmore Leonard In his provocative

caustic and often hilarious survey of today's popular fiction Anderson shows us who the best thriller writers are and the worst He shows how Michael Connelly was inspired by Raymond Chandler how George Pelecanos toiled in obscurity while he mastered his craft how Sue Grafton created the first great woman private eye and how Thomas Harris transformed an insane cannibal into the charming man of the world who made FBI agent Clarice Starling his lover Anderson shows Scott Turow inventing the modern legal thriller and John Grisham translating it into a stunning series of bestsellers He casts a cold eye on Tom Clancy's militaristic techno thrillers and praises Alan Furst and Robert Littell as world class spy novelists He examines the pioneering role of Lawrence Sanders the offbeat appeal of Dean Koontz the unprecedented success of The Da Vinci Code and the emergence of the literary thriller Most of all Anderson demands that the best of these novelists be given their due not as genre writers but as some of the most talented men and women at work in American fiction Don't trust the literary elites to tell you what to read he warns make up your own minds The Triumph of the Thriller will convince many readers that we've entered an important new era in popular fiction This book can be your guide to it
