### **Major Challenges Facing Higher Education in the Arab World: Quality Assurance and Relevance**

Adnan Badran, Elias Baydoun, John R. Hillman, 2019-03-25 This book focuses on two crucial issues that need to be addressed as a matter of urgency by universities in the Arab region namely a conducting independent assessments of the quality of their teaching research administration governance and planning and b determining the relevance of their teaching research and societal impacts Although well established around the world in manufacturing industries and private sector service industries including the research and commercialisation arms of the major universities and research institutes it is only in recent years that quality assurance QA assessments have started to be applied to most aspects education Several Arab universities are

adopting various forms of QA but some variants are little more than bureaucratic box ticking exercises with minimal commitment by staff to the ultimate aim of continuing self improvement This book will be of interest to senior management at faculty and departmental level and above in all Arab universities specifically and more generally in Islamic institutions of higher education Senior management in other universities especially in the developing world will benefit from its analyses and recommendations

**Skills Formation for Economic Growth** David Lim, 2025-03-31 This book explores the vocational education programmes of Hong Kong programmes that are repeatedly noted for their excellence The book traces the founding and development of the Vocational Training Council of Hong Kong which was set up in 1982 to offer sub degree programmes in vocational and professional education and training It shows how it transformed itself from an institution seen by industry government and the public alike as not meeting the needs of Hong Kong to one that has spearheaded the development of this form of education in Hong Kong including offering degree programmes in these areas through its Technological and Higher Education Institute Written by a leading scholar of vocational education with extensive experience of devising and implementing vocational education programmes it offers this as a valuable resource to students and scholars of education particularly in an Asian context as well as of vocational and professional education and training *U.S. News & World Report* ,2001

*Higher Education Pathways* Ashwin, Paul, Case, Jennifer M., 2018-12-14 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues
