Instagram Guide:

Instagram Guide for Beginners and Dummies Mey Irtz, 2021-05-08 The ways in which we use social media are constantly changing and evolving While initially a place for users to share photos with their family and friends and post aesthetically pleasing updates for people to be able to see what is happening in their lives social media has increasingly become more integrated within consumer culture Social media platforms have become increasingly more geared towards driving engagement and generating ad revenue Some audiences who are primarily still using social media to connect and be social have been more resistant to this switch but others love this integration There are a plethora of ways to bridge this gap and encourage all types of audiences to engage willingly and happily with business accounts As everyone surely knows Instagram is one of the most popular photo sharing platforms on social media today According to Instagram's own data over 200 million users visit at least one business profile each day 60% of users say that they have discovered a new product on Instagram and one third of the stories that receive the most views are posted by businesses As with the social media market as a whole there has been a shift from Instagram being a social platform to it being a media platform that places emphasis on unique content creation as well as business and marketing

The Instaguide C. J. Hallock, 2017-07-31 Instagram has grown to be one of the largest social media platforms With over 700 million monthly users it is the gateway between you and your soon to be customers or clients I knew I needed to figure out Instagram So I started doing some research That research went from just looking at a few blog posts and Instagram accounts into a massive passion project While I did start this as a blog post *The Ultimate Guide to Instagram* it continued to grow the more research I did To date I have over 250 hours of research into Instagram I found that none of the blog posts books or reports I read had much outside of a few hacks or one specific thing This frustrated me so I started to piece every piece of information I could find on Instagram together After that blog post passed 6 000 words I decided to finish it as a book so I can have all this information in one location that is easy for people to keep on hand So follow along in this Instagram Guide and learn the basics and more The following are some of the topics covered within the InstaGuide How to create an Instagram account How to use analytics Business Tools within Instagram What do I post to Instagram What are hashtags and how do I use them What should I post in my Instagram captions What is a GeoTag How often should I post on Instagram Should I repost other peoples posts on Instagram What can I do with an Instagram video What do I do after I post to Instagram What is Instagram Stories How do I use Instagram Live How to use Instagram Direct Messages That is not all I have also include some of the best Instagram hacks to grow your following and increase your engagement online This book also comes with some FREE bonus content including Video trainingsPDF sPhotoshop Templates for Instagramand so much more The bonus package is web hosted so you will be able to have 24 7 access to it It will also allow me to keep updates and other tools you need available for you

Building Your Academic Research Digital Identity Margaret Rush Dreker, Kyle James Downey, 2024-02-19 The purpose of this timely and stimulating book is to thoroughly prepare students early researchers and career scholars in establishing their digital identity online Broadly defined digital identity is one's online history that is it is any trail a person has left in his or her life that is now online In academics the issue of digital presence is of utmost importance as a digital identity frames one's professional reputation doing so by promoting and defining a person's knowledge and research in their respective field Written by an accomplished interdisciplinary team of scholars in library science and related fields this unique

guide addresses the development of professional identity as a continuous dynamic process that is constantly evolving generally starting from university study and moving through one's professional work life. It goes without saying that building your digital identity as a researcher can be an effective way to publicize your work among your peers but the authors emphasize this activity must be done carefully and skillfully. Indeed developing these skills can forge a path to professional advancement in hiring promotion and tenure. Moreover a well designed digital presence can help build networks which can lead to collaborations increased research and grants. In addition having a well managed digital identity helps an academic engage with the public by strategically disseminating one's knowledge to students public and the media. Importantly it can also help prevent misinformation. Whether readers are new in the field of research and publishing or have a well established portfolio of written literature this handy title will provide vital guidance in establishing a digital presence covering a wide range of issues. Key topics discussed for example include academic digital platforms and tools to consider when using them working with academic librarians social media platforms choosing digital identity management tools like Open Researcher and Contributor ID or ORCID the importance of author metrics and the h index and maintaining and curating a professional website to name just several areas discussed. An invaluable contribution to the career literature. **Building Your Academic Research Digital Identity** will enable readers to strategically understand all the tools platforms and metrics needed to establish and cultivate one's crucially important digital profile.
