The Art of Small Business Social Media Peg Fitzpatrick,2024-11-19 In The Art of Small Business Social Media social media marketing expert Peg Fitzpatrick provides a hands on guide designed to empower small business underdogs and teach them to leverage social media for brand growth and sales turning their passion into profit

The AI Marketing Canvas Raj Venkatesan,Jim Lecinski,2021-05-18 This book offers a direct actionable plan CMOs can use to map out initiatives that are properly sequenced and designed for success regardless of where their marketing organization is in the process The authors pose the following critical questions to marketers 1 How should modern marketers be thinking about artificial intelligence and machine learning and 2 How should marketers be developing a strategy and plan to implement AI into their marketing toolkit The opening chapters provide marketing leaders with an overview of what exactly AI is and how is it different than traditional computer science approaches Venkatesan and Lecinski then propose a best practice five stage framework for implementing what they term the AI Marketing Canvas Their approach is based on research and interviews they conducted with leading marketers and offers many tangible examples of what brands are doing at each stage of the AI Marketing Canvas By way of guidance Venkatesan and Lecinski provide examples of brands including Google Lyft Ancestry com and Coca Cola that have successfully woven AI into their marketing strategies The book concludes with a discussion of important implications for marketing leaders for your team and culture

The Authenticity Industries Michael Serazio,2023-11-07 In recent decades authenticity has become an American obsession It animates thirty years worth of reality TV programming and fuels the explosive virality of one hot social media app after another It characterizes Donald Trump s willful disregard for political correctness and proofreading and inspires multinational corporations to stake activist claims in ways that few woke brands ever dared before It buttresses a multibillion dollar influencer industry of everyday folks shilling their friends with spon con and burnishes the street cred of rock stars and

rappers alike But ironically authenticity s not actually real it s as fabricated as it is ubiquitous In *The Authenticity Industries* journalist and scholar Michael Serazio combines eye opening reporting and lively prose to take readers behind the scenes with those who make reality and the ways it tries to influence us Drawing upon dozens of rare interviews with campaign consultants advertising executives tech company leadership and entertainment industry gatekeepers the book slyly investigates the professionals and practices that make people products and platforms seem authentic in today s media culture and politics The result is a spotlight on the power of authenticity in today s media saturated world and the strategies to satisfy this widespread yearning In theory authenticity might represent the central moral framework of our time allaying anxieties about self and society culture and commerce and technology and humanity It infects and informs our ideals of celebrity aesthetics privacy nostalgia and populism And Serazio reveals how these pretenses are crafted backstage for audiences consumers and voters

The New York Times Saturday Review of Books and Art ,1968 [Introduction to Information Systems](#) R. Kelly Rainer,Brad Prince,2023-09-27 Introduction to Information Systems 10th Edition teaches undergraduate business majors how to use information technology to master their current or future jobs Students will see how global businesses use technology and information systems to increase their profitability gain market share develop and improve their customer relations and manage daily operations This course demonstrates that IS is the backbone of any business whether a student is majoring in accounting finance marketing human resources production operations management or MIS In short students will learn how information systems provide the foundation for all modern organizations whether they are public sector private sector for profit or not for profit
