Inequality and Inclusive Growth in Rich Countries Brian Nolan,2018-06-03 Rising inequality in income and wealth across the OECD has been widely recognised and identified as a major concern Inequality and Inclusive Growth in Rich Countries links this phenomenon with stagnation in wages and incomes for ordinary working households in order to address the challenge of promoting growth and prosperity The concentration of wealth at the top of society is now seen as a threat to social and political stability Inequality and Inclusive Growth in Rich Countries aims to identify what structures and policies are associated with success or failure in limiting the rise in inequality and promoting income growth for those in the middle and lower reaches of the income distribution It analyses the varying experiences of ten rich countries over recent decades in depth revealing that there are indeed responses that governments and societies can adopt and that stagnation

and rising inequality do not have to be accepted but can be combatted given the political will and capacity

Public Finance Richard W. Tresch, 2022-01-07 Public Finance A Normative Theory Fourth Edition provides a classic text on the normative theory of government policy This valuable and accessible resource covers the welfare aspects of public economics with considerable coverage of European examples The work presents detailed and comprehensive coverage of theoretical literature empirical work environmental issues social insurance behavioral economics and international tax issues The book is organized logically written in an engaging manner and is both sufficiently rigid for use by those with PhDs in math and accessible to students less well trained in math Provides a logical progression from normative theory to concise mathematical applications Covers European examples welfare economics and tax law updates Includes pedagogical supplements such as end of chapter questions and answers
