COVER LETTER

Dear Hiring Manager,

I have always followed Google's mission to organize, democratize information, and empower people. As a Product Manager, I am excited to bring my experience in user-centric product development to Google, where I can contribute to the world's information and make it universally accessible and useful.

In my previous role, I spearheaded a comprehensive strategy review that aligned product development with customer market needs, resulting in a successful repositioning of our core product line. This initiative not only boosted our financial performance but also set an AI-first goal of technical and market dominance. By establishing a data-driven decision-making process, my efforts resulted in a 20% increase in user engagement and a significant cost saving of \$1 million.

I am eager to bring my track record of thoughtful product strategy and complex problem-solving to Google, where I can continue my growth and help you meet and surpass our ambitious product goals. I am looking forward to discussing how my skills can align with the innovative work at Google in a face-to-face meet.

Best Regards,

Johnatan Wright
