technique books author is back with a totally updated and revised new edition of his bestselling book *How Do I Do That In Photoshop*. This book presents an entirely new concept in Photoshop books one that is designed from the ground up to get you straight to whatever it is you need to do in Photoshop right now get your answer fast and get you back to editing your images in Photoshop. Photoshop has so much depth and so many features tools and filters that sometimes the things you need are well kinda hidden or not really obvious. In fact there will probably be a lot of times when you need to get something done in Photoshop and you know Photoshop can do it because Photoshop can literally do just about anything but you have no idea where Adobe hid that feature or what the secret handshake or shortcut is to do that thing you need to do right now. That is why this book was created to quickly get you to the technique the shortcut the setting or exactly the right thing so you can do what you need to do right now. Here is how it works. When you need to know how to do a particular thing you turn to the chapter where it would be found. Layers Printing Masking Special Effects etc find the thing you need to do it is easy each page covers just one single topic and Scott tells you exactly how to do it just like he was sitting there beside you using the same casual style as if he were telling a friend. That way you get back to editing your images fast. This isn't a book of theory full of confusing jargon and detailed multistep concepts. This is a book on which button to click which setting to use and exactly how and when to use it so you're never stuck in Photoshop again. This will be your go to book that sits within reach any time you're working in Photoshop and you are going to love having this type of help right at your fingertips.
