How Asia Works Joe Studwell, 2013-07-02 A good read for anyone who wants to understand what actually determines whether a developing economy will succeed Bill Gates Top 5 Books of the Year An Economist Best Book of the Year from a reporter who has spent two decades in the region and who the Financial Times said should be named chief myth buster for Asian business In *How Asia Works* Joe Studwell distills his extensive research into the economies of nine countries Japan South Korea Taiwan Indonesia Malaysia Thailand the Philippines Vietnam and China into an accessible readable narrative that debunks Western misconceptions shows what really happened in Asia and why and for once makes clear why some countries have boomed while others have languished Studwell's in depth analysis focuses on three main areas land policy manufacturing and finance Land reform has been essential to the success of Asian economies giving a kick start to development by utilizing a large workforce and providing capital for growth With manufacturing industrial development alone is not sufficient Studwell argues Instead countries need export discipline a government that forces companies to compete on the global scale And in finance effective regulation is essential for fostering and sustaining growth To explore all of these subjects Studwell journeys far and wide drawing on fascinating examples from a Philippine sugar baron's stifling of reform to the explosive growth at a Korean steel mill Provocative *How Asia Works* is a striking and enlightening book A lively mix of scholarship reporting and polemic The Economist [Summary of Joe Studwell's How Asia Works](#) Everest Media, 2022-07-02T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 In a country in the early stages of development typically 75 percent of the population is employed in agriculture The problem with agriculture in pre industrial states with rising populations is that when market forces are left to themselves agricultural yields tend to stagnate or even fall 2 The question of efficiency depends on what outcome you are looking for Big capitalist farms may produce the highest return on cash invested but that is not the agricultural efficiency that is appropriate to a developing state 3 The world of the home fruit and vegetable gardener is very familiar to the post war east Asian peasant family with its mini farm The labor intensive gardening approach to cultivation gets more out of a given plot of land than anything else 4 The problem is that the gardening level of output needs so much labor If Mr Doiron gardened full time he might be able to maintain his yields for 1 000 square meters of land But that would still require ten Mr Doirons to earn 135 000 across one hectare before costs [How Asia Works](#) Joe Studwell, 2013 *How Africa Works* Joe Studwell, 2026-01-29 The birth of new nations independent democracies the unprecedented growth of cities from Lagos to Cairo the African continent is booming So why do myths about underdevelopment unproductive land and overpopulation remain In a groundbreaking new study of Africa's developmental history economist Joe Studwell debunks long held views about the continent's presumed resistance to growth charting monumental changes in government demography and asset management Considering everything from settler colonialism to soil conditions mineral extractivism to disease development and
