dictator Adolf Hitler who once boasted "What luck for rulers that men do not think." Those who develop the process of good thinking can rule themselves even while under an oppressive ruler or in other difficult circumstances. In short, good thinkers are successful. I've studied successful people for forty years and though the diversity you find among them is astounding, I've found that they are all alike in one way: how they think. That is the one thing that separates successful people from unsuccessful ones. And here's the good news: How successful people think can be learned. If you change your thinking, you can change your life.

[The New Manager's Survival Guide: Everything You Need to Know to Succeed in the Corporate World](#) Steven Haines, 2016-05-27 Whether you're an experienced employee in a first-time managerial role or a complete business novice, this guide has everything you need to excel in your field. Written in a style designed to help you grasp concepts quickly and effectively, *The New Manager's Survival Guide* provides the information and tools you need to create a solid team, department, or company. It helps you advance your career by covering the nuts and bolts of managing a business, which is not often taught in business classes and which even experienced managers sometimes need to brush up on. You will learn the ins and outs of management, including understanding organizational design, building and utilizing teams, using data to make smart decisions, crafting strategy, creating product plans, and managing people up, down, or across organizational lines. In addition, the book provides new tools for supervisory managers who aren't familiar with the important practice of coaching. Plus, a self-assessment instrument helps you determine your knowledge level beforehand, so you can skip the parts you have already mastered and/or focus more deeply on practices you need to work on.
