Innovating Business and Education for Sustainable Development Arie Hans Verkuil, Uta Milow, Andreas Hinz, Mahmoud Al-Kilani, 2026-01-22 In a world where sustainability is no longer optional this open access volume explores how business education and society can evolve together toward a more resilient and responsible future This comprehensive volume brings together thought leaders researchers and practitioners from around the globe to explore strategies in sustainable marketing and business model innovation Delving into the circular economy and environmental innovation Part 1 provides practical frameworks and visionary insights from digital transformation in Vietnam to regenerative ecosystem thinking and circular breweries Part 2 turns to the social dimension of sustainability examining job related well being social ventures with dual missions and the rise of senior women entrepreneurs in India From Chinese online platforms in Switzerland to nearshoring in Central Eastern Europe Part 3 dissects the shifting landscape of sustainable commerce Part 4 focuses on governance and sustainability reporting Finally part 5 highlights transformative approaches to education for economic and sustainable development With real world case studies from IT service learning in rural South Africa to design

thinking in business education chapters in this part showcase the power of collaboration between universities and businesses to shape future ready professionals This volume for academics entrepreneurs or corporate leaders offers global perspectives and inspiring pathways to embed sustainability at the heart of businesses

**Digital Wisdom** Richard Lachman, 2026-02-27

Inviting us to an active role in reshaping technology is at the core of Digital Wisdom Searching for Agency in the Age of AI The book helps you understand more about the underlying issues of AI social media and data analytics so we all can pick a better path together This book explores how fundamental aspects of today s digital technology intersect with our rights and assumptions about private life individual autonomy and social boundaries This exploration begins with a discussion about what all that data collected about us is for and how companies governments and ourselves as people who also work for those companies and governments might want to alter the dynamic The book looks at our changing sense of privacy and how data is not just recorded but fused correlated shared and acted upon in ways that seem fundamentally different than our laws or principles once assumed It talks about technology s role in making us seem to be more divided than ever affecting our politics our pastimes and even our basic ability to connect with one another Examining ways in which technology is used to change our minds sometimes for our benefit and sometimes to our detriment the book breaks down the increasing use of algorithms that impact our everyday lives so we can build a more ethical practice of digital technology This exploration about our digital future invites us to instead build a practice of Digital Wisdom It makes an argument for how we can use this wisdom to live more fully in the ways we want with the features of technological advancement we choose It suggests how our educational systems industries and governments could shift to better support Digital Wisdom These ideas are not exhaustive Digital Wisdom is a mindset rather than a simple set of steps to follow Applying this mindset is going to take creativity from all of us but in the end the Digital Wisdom mindset will guide us in taking concrete steps towards a more responsible digital future

*Film, Television, and Stage Music on Phonograph Records* Steve Harris, 1988 The most comprehensive through August 86 accurate and thoroughly researched reference ever published on film television and stage music from U S and British productions There are three categories film music television music stage music recordings and each has two indexes main records original and adapted music composed specifically all records verified and related records themes inspired by films cover versions of traditional music etc
