Tech industry is the stock market's hottest most profitable sector but it can be a roller coaster ride. Companies with great ideas can end up going nowhere and some that dominate today will be sold at fire sale prices in five years. Sure things can become sore things very rapidly. Nothing But Net provides the knowledge and insights you need to understand what's really hot to know, what's not, and to outperform other investors consistently and decisively. Famous for his smart, savvy, and unique approach to Tech stock investing, Mark Mahaney provides his 10 proven rules for succeeding as a long-term Tech stock investor, explaining everything he's learned during almost 25 years of analyzing internet stocks, including why revenue growth and customer metrics, not earnings, are what matter most to Tech investors. How to invest, not trade, in the great growth opportunities that lie ahead. How to determine when high valuations are a warning sign and when they signal an opportunity. I've watched the rise of some of the leading companies of today: Facebook, Amazon, Netflix, Google, and the fall of some of the leading companies of yesterday: Yahoo, eBay, and AOL. Mahaney writes, "Figuring out which companies really are going to be dominant franchises is an extremely hard thing to do. But those who accomplished this were arguably able to generate some of the best portfolio returns in the stock market over the past generation." Nothing But Net provides powerful advice for the next two decades: lessons you can start applying today and use for years to come.

**Campus Boys** Kate Bridges, 2025-09-24. Samantha Jones has spent her whole life trapped in a small village; she couldn't wait to leave behind. Now, after years of hard work, her dream is finally within reach: Oxford University. It's her ticket out of the gossip, out of the pain, and back into the arms of her long-lost best friend, Emily Black. College life promises freedom, fun, and recklessness—everything she's been denied. But what she never expected was to run into Jacob Baker, the boy who broke her heart. The boy who abandoned her when she needed him most. The boy who is no longer a boy at all. Jacob has changed: dangerously attractive, arrogant, and notorious for his wild nights and endless parties. He's the one person Samantha swore she'd never face again, and now he's everywhere she turns. The tension between them is undeniable. Old wounds resurface. Sparks ignite. And as the past collides with the present, Samantha is forced to ask herself: is Jacob her biggest mistake, or the temptation she can no longer resist. **Warning:** Contains explicit sexual content, mature themes, and references to trauma.
