**Stop Vision Loss Now!** Bruce Fife,2017-08-11 Losing your eyesight is a frightening thought Yet every five seconds someone in the world goes blind Most causes of visual impairment are caused by age related diseases such as cataracts glaucoma macular degeneration and diabetic retinopathy Modern medicine has no cure for these conditions Treatment usually involves managing the symptoms and attempting to slow the progression of the disease In some cases surgery is an option but there is always the danger of adverse side effects that can damage the eyes even further Most chronic progressive eye disorders are considered incurable hopeless However there is a successful treatment It doesn t involve surgery drugs or invasive medical procedures All that is needed is a proper diet The key to this diet is coconut specifically coconut oil The author used this method to cure is own glaucoma something standard medical therapy is unable to do The coconut based dietary program described in this book has the potential to help prevent and treat many common visual problems including the following Cataracts Glaucoma Macular degeneration Diabetic retinopathy Dry eye syndrome Sjogren s syndrome Optic neuritis Irritated eyes Conjunctivitis pink eye Stroke Eye disorders related to neurodegenerative disease Alzheimer s Parkinson s MS Most chronic eye disorders come without warning No one can tell who will develop a visual handicap as they age Everybody is at risk Once the disease is present treatment is a lifelong process The best solution is prevention In this book you will learn the basic underlying causes for the most common degenerative eye disorders and what you can do to prevent stop and even reverse them *Stop Alzheimer's Now!* Bruce Fife,2016-04-11 Over 35 million people have dementia today Each year 4 6 million new cases occur world wide one new case

every 7 seconds Alzheimer's disease is the most common form of dementia Parkinson's disease another progressive brain disorder affects about 4 million people world wide Millions more suffer with other neurodegenerative disorders The number of people affected by these destructive diseases continues to increase every year Dementia and other forms of neurodegeneration are not a part of the normal ageing process The brain is fully capable of functioning normally for a lifetime regardless of how long a person lives While ageing is a risk factor for neurodegeneration it is not the cause Dementia and other neurodegenerative disorders are disease processes that can be prevented and successfully treated This book outlines a program using ketone therapy and diet that is backed by decades of medical and clinical research and has proven successful in restoring mental function and improving both brain and overall health You will learn how to prevent and even reverse symptoms associated with Alzheimer's disease Parkinson's disease amyotrophic lateral sclerosis ALS multiple sclerosis MS Huntington's disease epilepsy diabetes stroke and various forms of dementia The information in this book is useful not only for those who are suffering from neurodegenerative disease but for anyone who wants to be spared from ever encountering one or more of these devastating afflictions These diseases don't just happen overnight They take years often decades to develop In the case of Alzheimer's disease approximately 70 percent the brain cells responsible for memory are destroyed before symptoms become noticeable You can stop Alzheimer's and other neurodegenerative diseases before they take over your life The best time to start is now Stop Autism Now! Bruce Fife, 2017-08-11 Over 1 million people have autism Childhood developmental disabilities of all type is rapidly growing including autism attention deficit hyperactivity disorder ADHD epilepsy mental retardation and others Currently in the United States 4 million children have attention deficit hyperactivity disorder the most common learning disability and an incredible one in six children are classified as learning disabled Why the sudden astronomical rise in developmental disabilities Most doctors have no clue what causes autism nor any idea how to prevent or even treat it The only medically recognized form of treatment is an attempt to teach affected children how to manage the disorder and live with it Antidepressants antipsychotics and stimulants are often prescribed to help cope with symptoms No possibility of a cure is offered as the condition is considered permanent in other words hopeless Autism however is not a hopeless condition It can be prevented and successfully treated without the use of drugs This book describes an innovative new dietary and lifestyle approach that has proven very successful in reversing even some of the most severe developmental disorders allowing once disabled children to enter regular school and lead normal happy productive lives There is a solution You can stop autism now Dr Fife has done an outstanding job on Stop Autism Now This book gives the latest stats on the pervasiveness of autism spectrum disorder and more importantly viable solutions With food lists and recipes galore Dr Fife makes the diet doable and manageable and worth your effort to try it Carolyn Dean MD ND Author of The Magnesium Miracle Bruce Fife has produced another masterpiece Autism is a subject that I have spent a good deal of time analyzing researching and writing about and no one does a better job condensing and explaining what is known

about this terrible disorder than does Doctor Fife His advice designed to treat this disorder is based on good science and practical experience This book will help millions of children who have become a victim of a health policy gone mad Parents should all have this book on their bookshelves and refer to it often Russell L Blaylock M D Author of Excitotoxins The Taste That Kills Theoretical Neurosciences Research LLC Visiting Professor of Biology Belhaven University Jackson Ms Clinical Assistant Professor of Neurosurgery University of Mississippi retired [The Low-Carb Comfort Food Cookbook](#) Ursula Solom, Mary Dan Eades, Michael R.
