O'Grady,2008-12-30 Two guys named Steve working in a garage created a prototype computer designed to be different in a way no one thought possible It would be easy to use Those two Steves one now a billionaire and still at the head of Apple not only succeeded with that product but they also broke ground in the business world in ways few thought possible They proved you could not only have fun at work but pursuing a capitalist dream could be hip How did Apple do it How did it go from making computers that made a difference but not much

of a dent in the overall market to creating a device the iPod and a music service iTunes that has changed the way we buy and experience music And how did the Macintosh and its successors capture the hearts and minds of computer users so deeply that being a Mac person makes you a member of a special club That s what this book is all about As author Jason D O Grady shows Apple is a rare company one that is not afraid to think about a future that does not exist and turn it into reality Critics have written Apple off time and again yet it rises from the ashes to astound the critics and delight its customers That s not luck or happenstance it s vision dedication and persistence Besides delighting Apple aficionados this book will inspire students eager to launch a business career or work in the technology sector Apple has never been afraid to chart its own path and readers will learn what makes the company tick *Macworld* ,2007-07 *Macs For Dummies* Edward C. Baig,2016-05-06 Take a bite out of all your Mac has to offer with this bestselling guide So you joined the cool kids club and bought a Mac Kudos Now do you dare admit to your sophisticated Mac mates that you still need some help figuring out how it works No worries Macs For Dummies is here to help In full color for the first time ever the latest edition of this long running bestseller takes the guesswork out of working with your new Mac providing easy to follow plain English answers to every possible question in the book Whether you re trying to figure out the basics of getting around the OS X interface learning the ins and outs of turning your Mac into a sleek productivity tool or anything in between Mac For Dummies makes it fast and easy to navigate your way around your new Apple computer You ll get the know how to rocket into cyberspace browse the Web send messages back up files to the Cloud deal with security issues get productive with leading Mac apps and have fun with one stop shopping for music movies and media Navigate OS X El Capitan with confidence and ease Use your Mac to power your audio and video systems Add your Mac to your home network Troubleshoot common problems when your Mac starts misbehaving Fully updated to cover the latest hardware and software releases Macs For Dummies offers everything you need to get your geek on and make your Mac your minion **Searcher** ,2008-11 *WiSec'08* ,2008
