## **Tib Ub Hannover Gbv:**

*Strategic Communication for Sustainable Organizations* Myria Allen, 2015-07-16 This is a seminal book for anyone who wants to understand shape or study the communication surrounding sustainability in their interactions with colleagues employees supply chain partners and external stakeholders It develops essential insights on the basis of an extensive review of relevant theories and research drawn from multiple disciplines Interview data gathered from organization members who are currently communicating about sustainability in their cities universities nongovernmental organizations small businesses and large for profit organizations provide valuable insights from a practitioner s perspective The interviewees represent organizations such as the Portland Trailblazers Tyson Foods the City and County of Denver and the Natural Resources Defense Council Theory research and interview comments combine in a reader friendly way to provide practical insights and stimulate future research

**Language, Culture, Computation: Computing - Theory and Technology** Nachum Dershowitz, Ephraim Nissan, 2014-12-03 This Festschrift volume is published in Honor of Yaacov Choueka on the occasion of this 75th birthday The present three volumes liber amicorum several years in gestation honours this outstanding Israeli computer scientist and is dedicated to him and to his scientific endeavours Yaacov s research has had a major impact not only within the walls of academia but also in the daily life of lay users of such technology that originated from his research An especially amazing aspect of the temporal span of his scholarly work is that half a century after his influential research from the early 1960s a project in which he is currently involved is proving to be a sensation as will become apparent from what follows Yaacov Choueka began his research career in the theory of computer science dealing with basic questions regarding the relation between mathematical logic and automata theory From formal languages Yaacov moved to natural languages He was a founder of natural language processing in Israel developing numerous tools for Hebrew He is best known for his primary role together with Aviezri Fraenkel in the development of the Responsa Project one of the earliest fulltext retrieval systems in the world More recently he has headed the Friedberg Genizah Project which is bringing the treasures of the Cairo Genizah into the Digital Age This first part of the three volume set covers a range of topics in computer science The papers are grouped in topical sections on the jubilaris Yaacov and his oeuvre theory of computation science computing and tools for engineering information retrieval

*Advances in Library Administration and Organization* Delmus E. Williams, Janine Golden, 2012-12-05 The book will examine the challenges that working administrators face and discusses how to enable them to look more closely at their operations and to reconsider how to develop people and the organizations in which they work As in previous volumes of *Advances in Library Administration and Organization* the studies outlined in the chapters of Vo

**Introduction to Organizational Behavior** St. Clements University Academic Staff - Türkiye, Work motivation can be defined as the level of energy commitment and creativity that a company s workers bring to their roles It is a multidimensional construct influenced by intrinsic and extrinsic factors as well as contextual elements within the workplace

Theories of work motivation provide frameworks through which organizations can understand not only why employees are motivated but how they can enhance motivation levels to achieve organizational goals

**Flow Measurement Handbook**  
R. C. Baker, 2016-08-25 Flow Measurement Handbook is a reference for engineers on flow measurement techniques and instruments It strikes a balance between laboratory ideas and the realities of field experience and provides practical advice on design operation and performance of flowmeters It begins with a review of essentials accuracy flow selection and calibration methods Each chapter is then devoted to a flowmeter class and includes information on design application installation calibration and operation Among the flowmeters discussed are differential pressure devices such as orifice and Venturi volumetric flowmeters such as positive displacement turbine vortex electromagnetic magnetic resonance ultrasonic acoustic multiphase flowmeters and mass meters such as thermal and Coriolis There are also chapters on probes verification and remote data access

**The Languages and Linguistics of South Asia** Hans Henrich Hock, Elena Bashir, 2016-05-24  
With nearly a quarter of the world's population members of at least five major language families plus several putative language isolates South Asia is a fascinating arena for linguistic investigations whether comparative historical linguistics studies of language contact and multilingualism or general linguistic theory This volume provides a state of the art survey of linguistic research on the languages of South Asia with contributions by well known experts Focus is both on what has been accomplished so far and on what remains unresolved or controversial and hence offers challenges for future research In addition to covering the languages their histories and their genetic classification as well as phonetics phonology morphology syntax and sociolinguistics the volume provides special coverage of contact and convergence indigenous South Asian grammatical traditions applications of modern technology to South Asian languages and South Asian writing systems An appendix offers a classified listing of major sources and resources both digital online and printed
